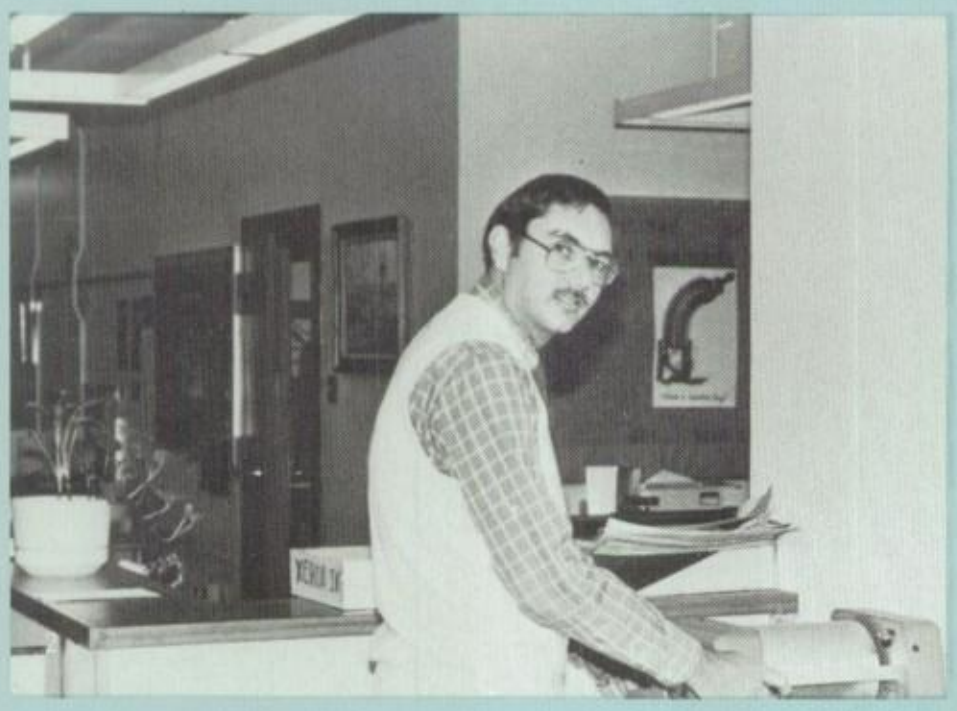
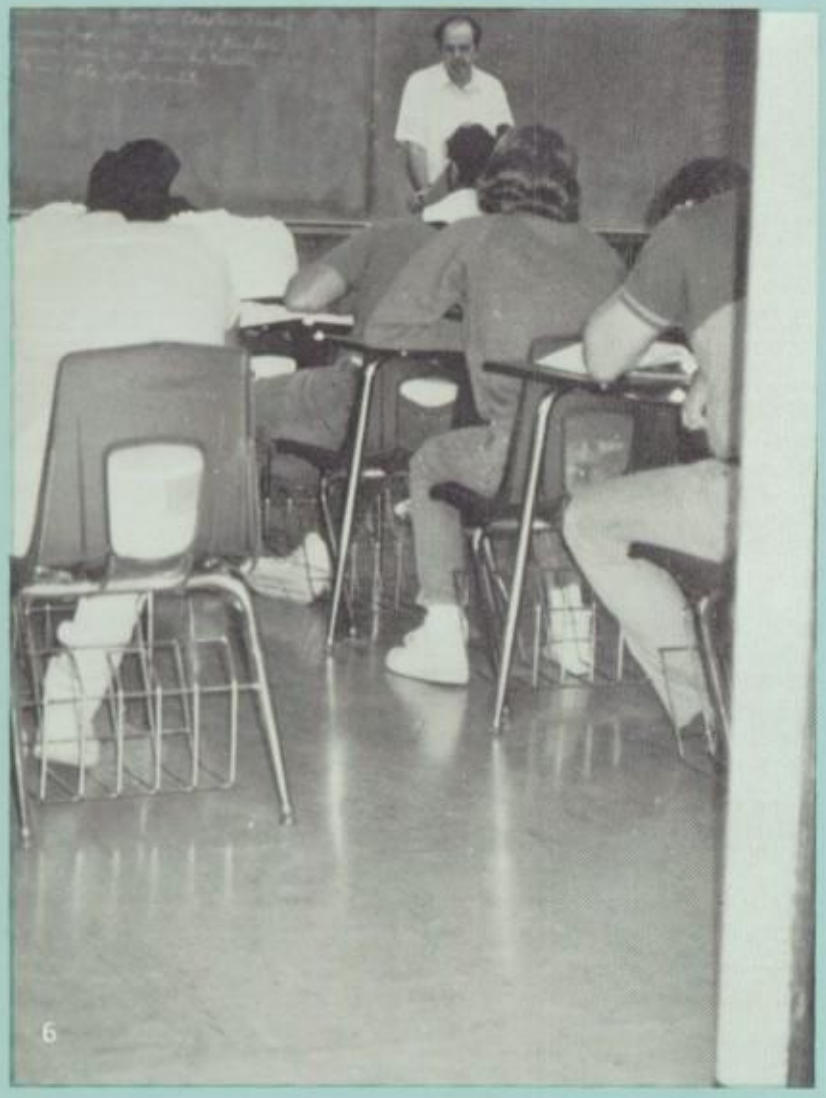
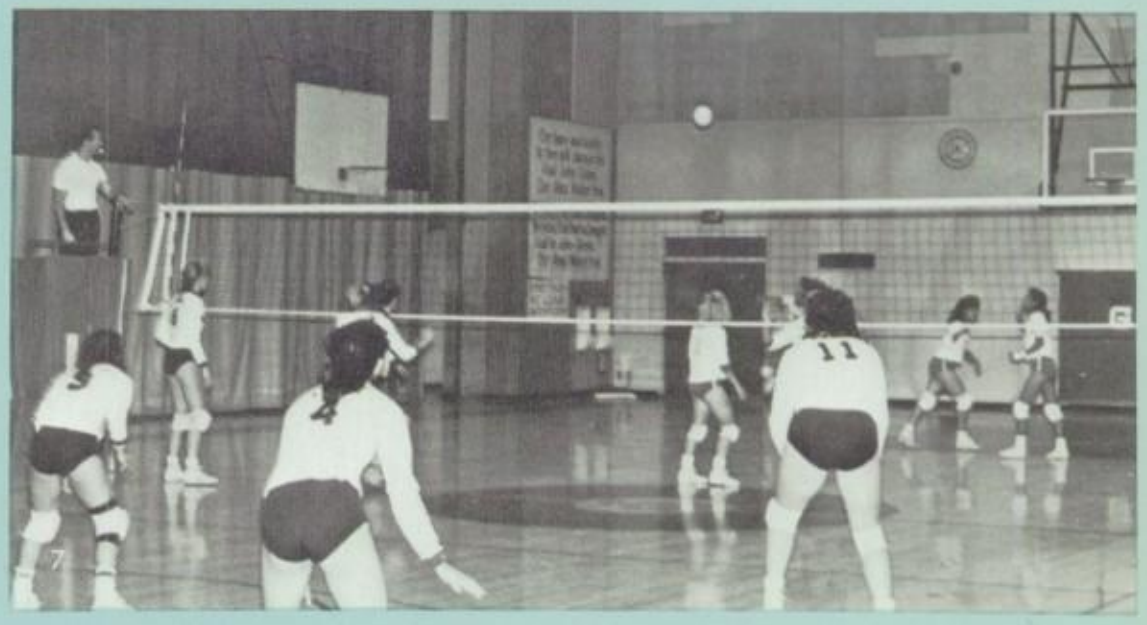
MONDAY MONDAY MONDAY MONDAY



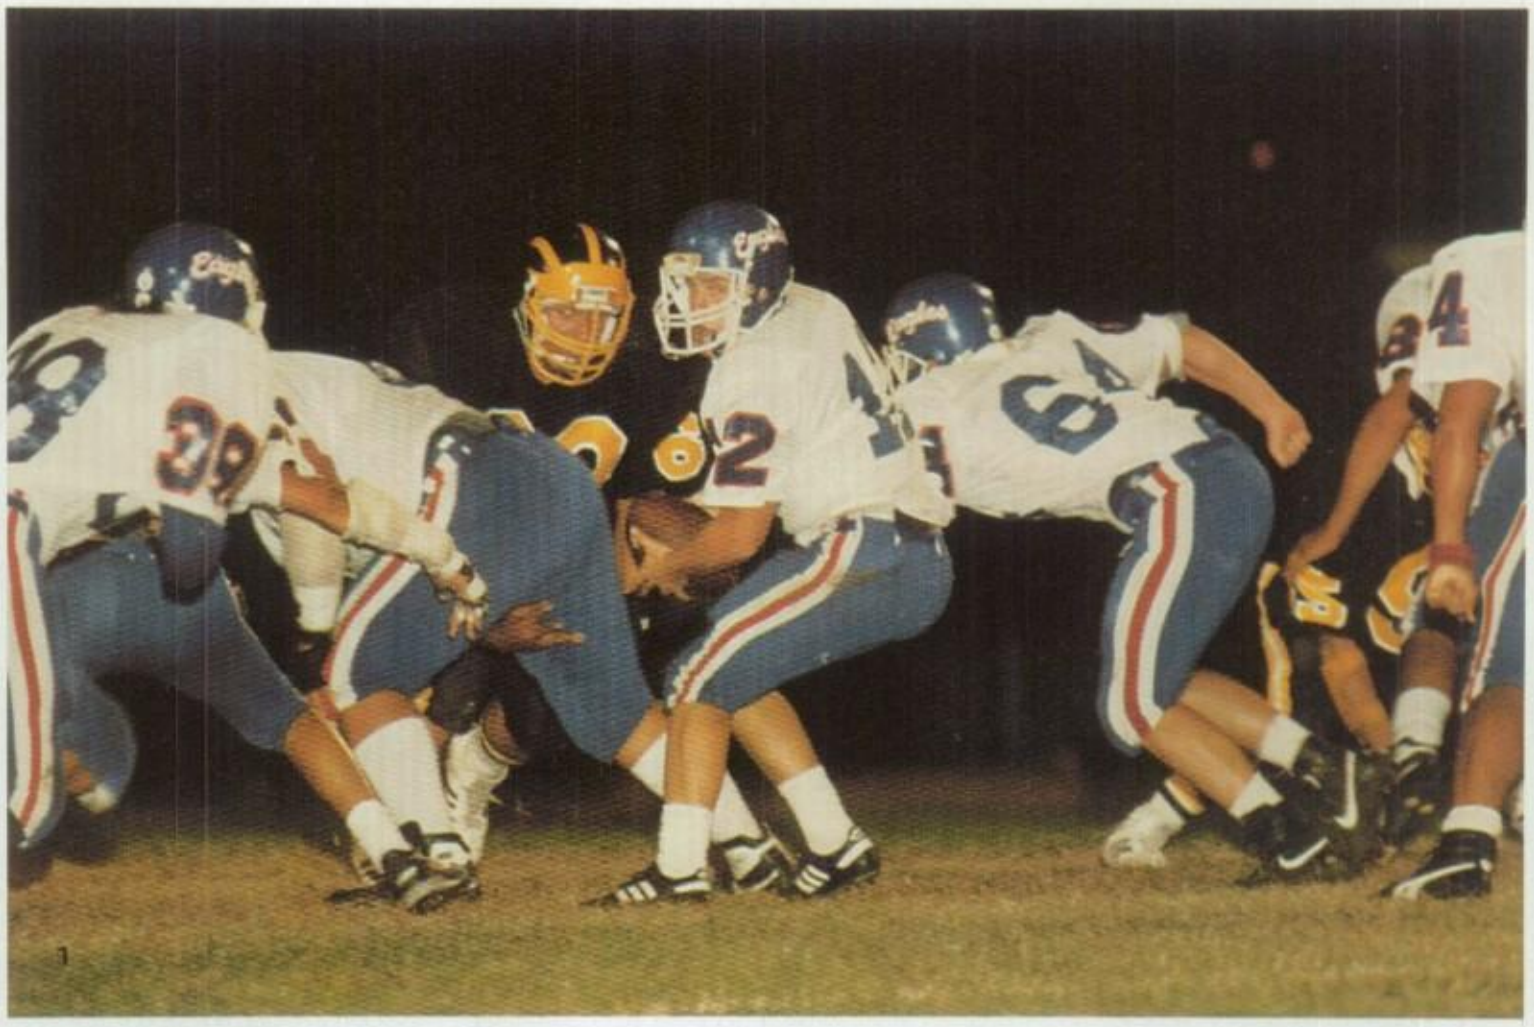
MONDAY MONDAY MONDAY MONDAY





Late starts, always behind, struggling to get through the day . . . it must have been Monday. Where did the weekend go so quickly?

1. Guys, Hurry up! Get to class.
2. Mr. Drake relies on the good "old fashion" ditto machine.
3. Mei-Lin and Maria go home with tons of homework to do.
4. Lilia and Sandra start a new day in their senior year.
5. Ask Debbie if Monday mornings are tough!
6. *zzzzzzzzzz* . . .
7. Volleyball is alive and well, even on Monday.



TUESDAY TUESDAY TUESDAY TUESDAY

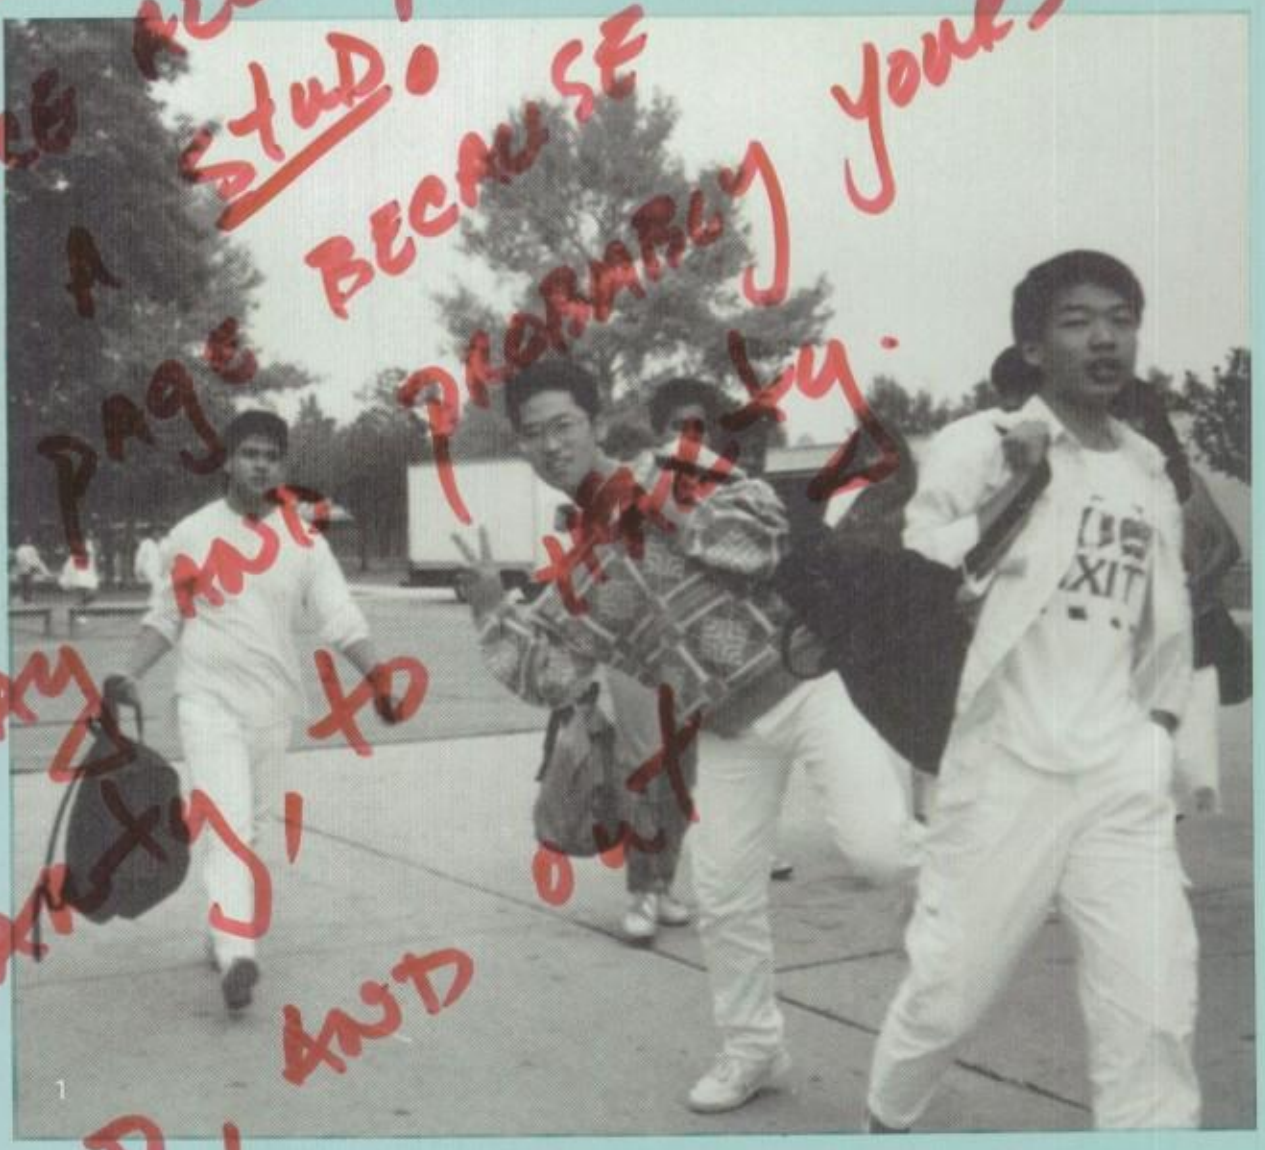
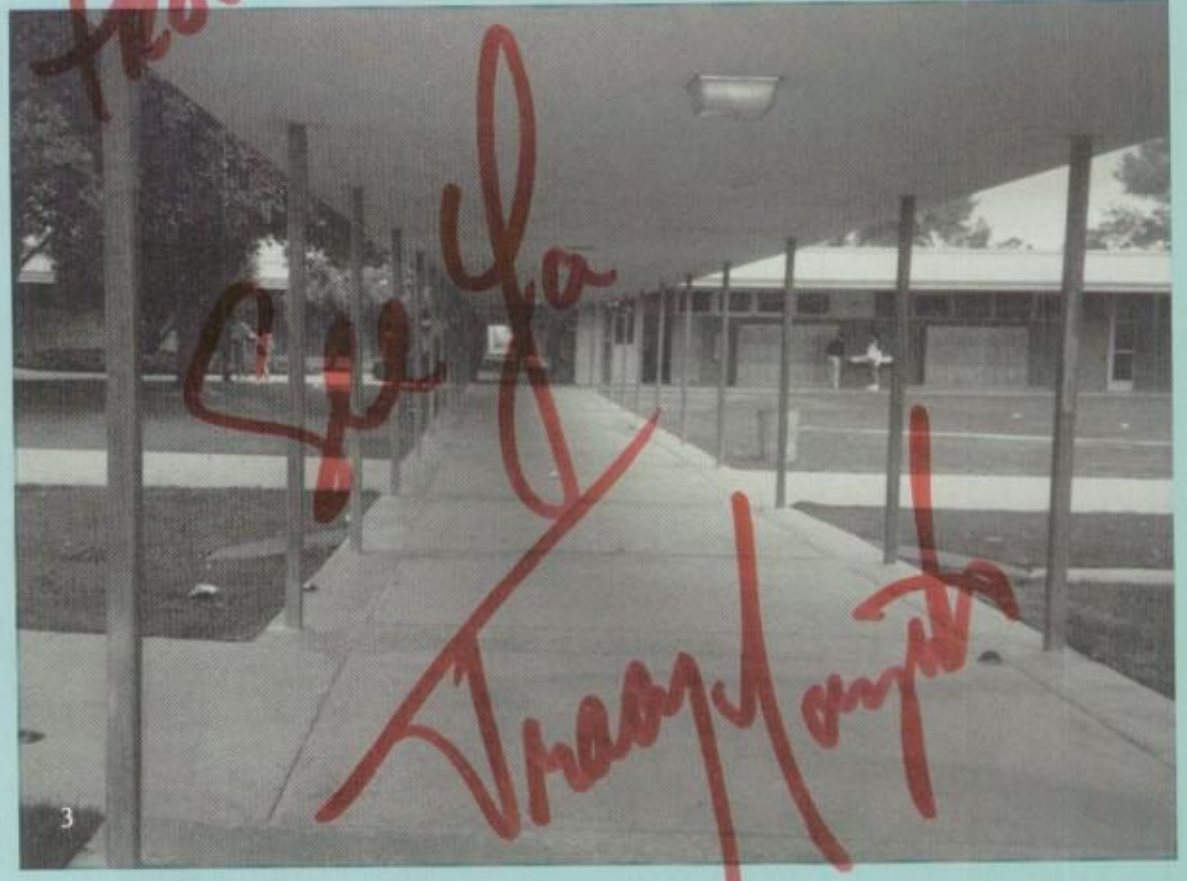
The weekend was already in sight; we knew that Friday was only one day away. Time to study for tests, prepare for Pep Rallies, accomplish all our goals we had set earlier in the week.

1. ASB Council hard at work making decisions.
2. "Did you leave your lights on in your car all day?" Mr. Anderson asks Mr. Crist.
3. Already making plans for the weekend.
4. The discipline office is always a crowded place on campus, especially at the end of the week.
5. Cross Country members stretch out before a tough practice.
6. Faculty members enjoy each others company at lunch time.



FRIDAY FRIDAY FRIDAY FRIDAY



TGIF!! School was exciting on Fridays. Along with the excitement of all the school spirit that filled the air, we could handle anything. After-all, we had a big weekend ahead. It was Pay Day for some; it had been a good week for most. Smiles, hellos, and general good cheer were everywhere.

1. Seniors anxiously leave to have an enjoyable weekend.
2. Pay Day at Glenn makes everyone smile.
3. A popular sight at Glenn after the 2:50 pm bell rings on Friday.
4. The computer lab is an important part of our daily education.

SATURDAY SATURDAY SATURDAY

"Oh, it's Saturday. Oh, it's Saturday. A ha cha cha, and a ha cha cha," so said Spanky so many years ago. But boy did he capture the feeling! We could sleep late, enjoy our families, do things we hadn't done all week, or just be lazy. And of course, there was Saturday night!

1. Mr. Ewing goes above and beyond a natural days work.
2. Carol Peck working her Saturday away at McDonalds.
3. Sleeping in is what everyone looks forward to on Saturday morning.
4. Weekend is here, let's go find a bargain.
5. "Which movie do you want to see?", the question asked while waiting to buy the tickets.
6. Renee Seph and her friend visit Cerritos Mall's music store-just another fun way to spend a Saturday.

Halloween was handled a little differently this year. The Student Council put on a dance at lunch for those students who showed spirit and came dressed in a costume. Candy was given to everyone who came, a contest was held and prizes given, and for the short time we had, everyone seemed to enjoy the event. The dance was rated a success by the administration and those who attended.

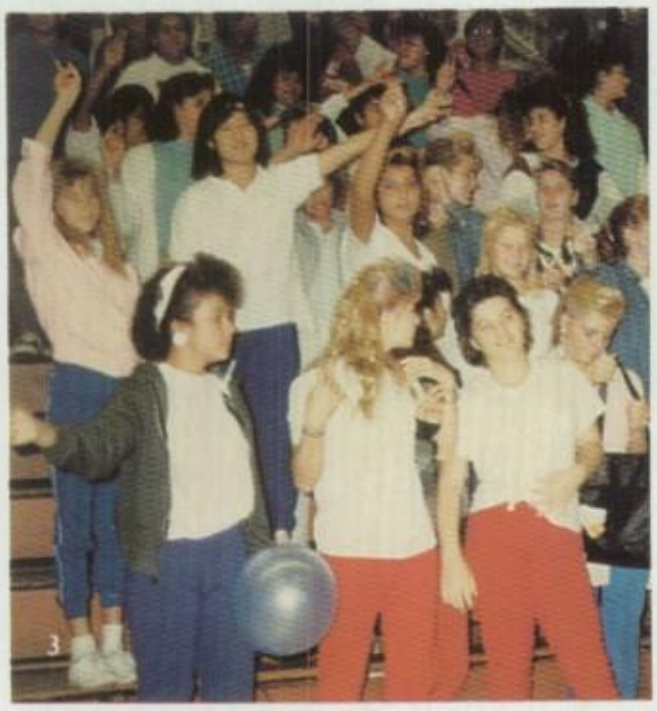
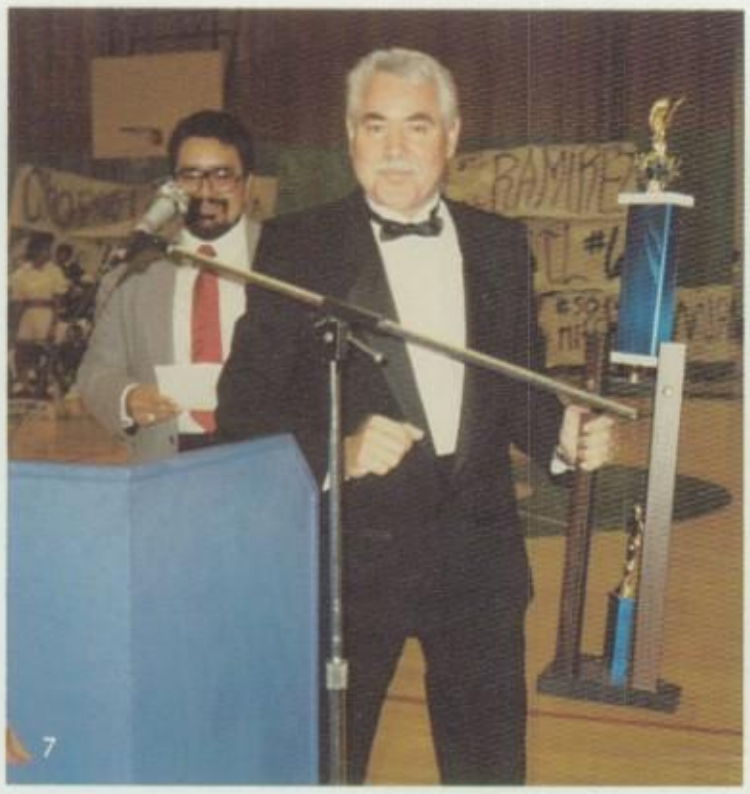
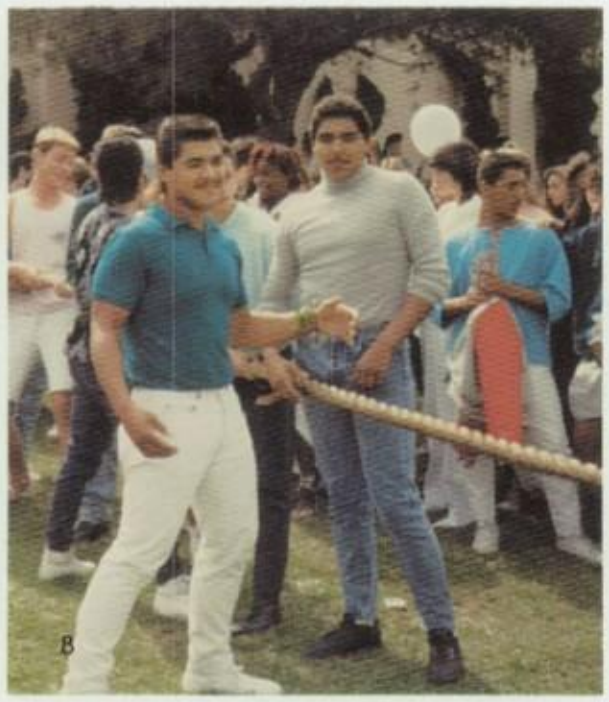
SPECTACULAR NEW YEAR

A TIME TO REMEMBER. . . HOMECOMING



Homecoming was very successful largely because of the A.S.B. Council's efforts. The members thought long and hard to plan different and fun dress-up days. They tried to have a variety of week's activities. The snack activities involved the Homecoming Princesses who showed great sportsmanship all week long and our lunch activities pitted class against class and team against team. We drank from baby bottles, "rowed" skateboards around the green belt, popped balloons with spiked helmets, flexed our muscles in tug - o - war, and generally had a great week. The icing on the cake was our 22-13 victory over Bellflower.





1. Coach Norman and the Co-captains of the football team accept the Mayor's Trophy from Mr. Galvan.
2. Cheerleaders perform to Rocky and the Fight Song at the Homecoming Assembly.
3. 8th & 9th graders join in on the Alma Mater at the Homecoming Assembly.
4. Gene, that was so funny!
5. Student body shows lots of excitement.
6. Who will bid 25¢?
7. Mayor's Trophy: Right where it belongs.
8. Come on guys, pull harder!
9. We've almost got it.
10. Reach higher.
11. What is he saying?
12. Go faster!

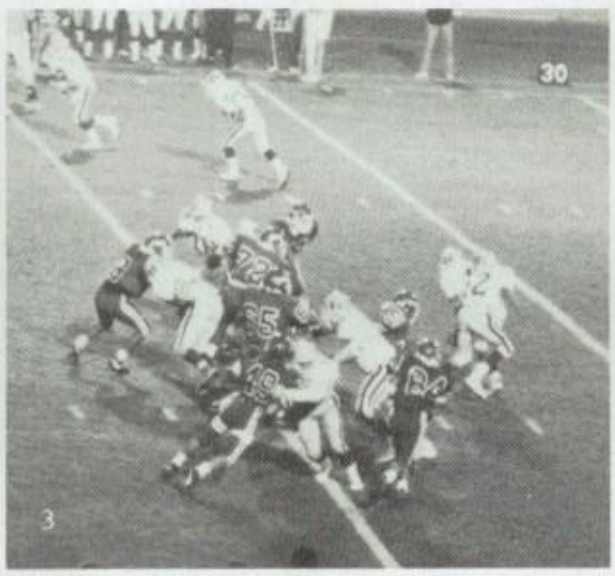
CHAMPIONSHIP SPIRIT EXHIBITED

After 6 years, the John Glenn Varsity football team won our annual game against Norwalk. The team came back from what looked like defeat to enjoy a well deserved victory. The crowd was cheering with excitement and anxiety and no one took their eyes off the field. As the last minutes were ticking away on the clock, the suspense grew unbearable. The Eagle fans counted down the last seconds of the game. When time ran out and the score was 30-27, the crowd went wild. People were screaming and jumping up and down. The mayor's trophy was back on Glenn's turf, right where we know it belongs.



1. Members of the Varsity squad waiting patiently to receive the Mayor's trophy at the City Council meeting.
2. Coach Norman and Mr. Galvan give acceptance speeches.
3. An exciting play at the Glenn vs. Norwalk Varsity football game.
4. Co-captains accept the Mayor's trophy.
5. John Game makes the extra point.
6. John Glenn is well represented at the Council meeting.

ON THE FIELD AND IN THE GYM

Pep Rallies were held every Friday during football season. The band would play the traditional Rocky and the Fight Song. The cheerleaders performed to the music of the band and spirit filled the gym. Every week there was a different coach speaking to us about the different sports in progress. A variety of class competitions took place. The Spirit Stick was won by each class at least once and each class showed a tremendous amount of spirit as they competed for the Spirit Stick. The Alma Mater was sung and "Senior Rise" was finally enforced. Spirit was on the upswing and our Pep Rallies proved it.

1. Band in top form as usual
2. Cheerleaders do it right at the rallies.
3. Drill team completes Pep Rally Pizzazz.
4. Class competition: "Isn't passing oranges fun?"
5. We love these Pep Rallies.

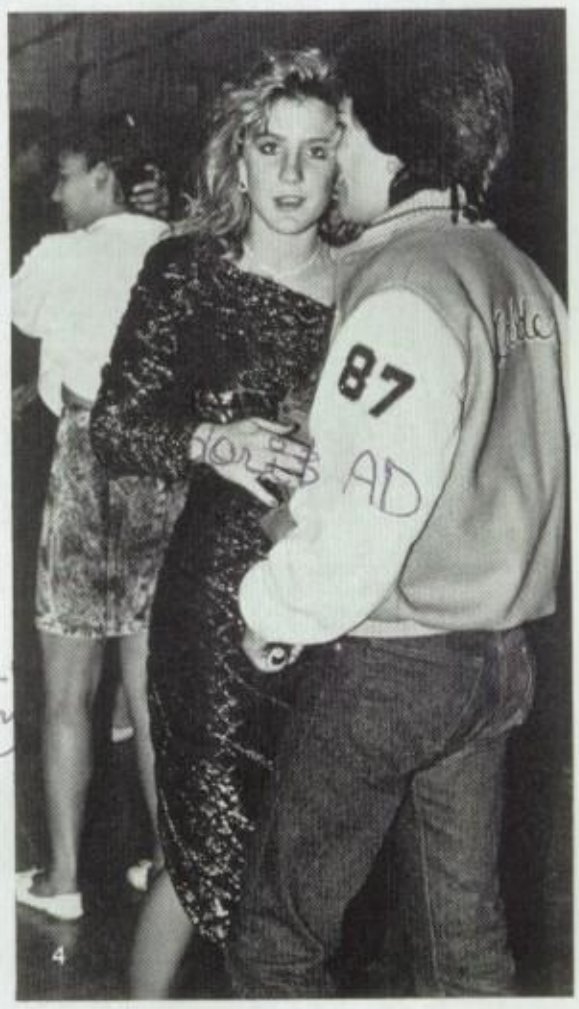
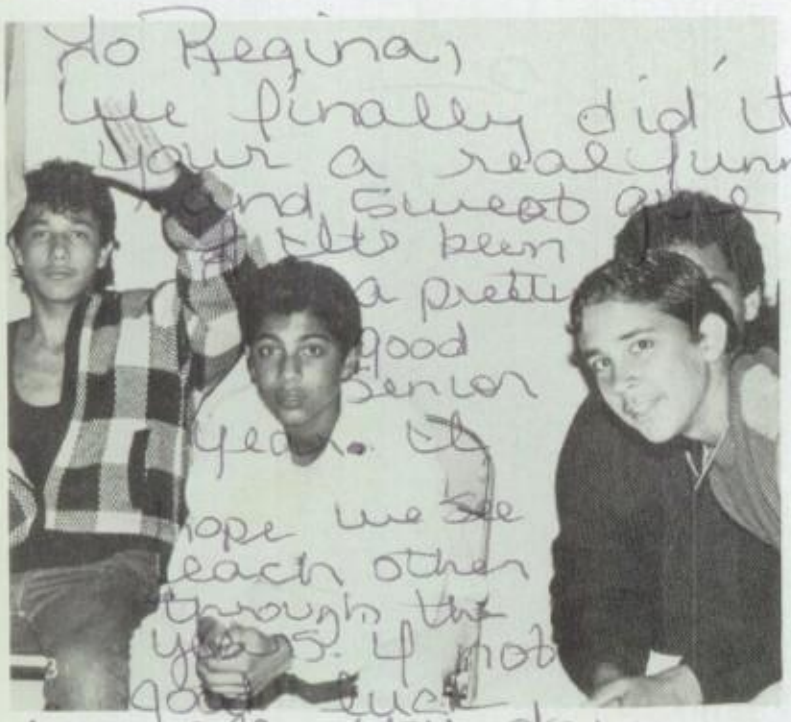
5. Lori Armstrong shows poise as her father escorts her across the field.
6. Anna Lazalde and her father: a very proud moment.
7. Waiting for the magic moment.

"ALWAYS TOGETHER"

After a great victory on the field, we returned to our gym for an evening of music and dance. Our theme, "Always Together" tied the student bodies past and present at John Glenn together as a family. Pro Productions played a variety of music which brought out a great number of students on the dance floor. We danced, socialized and were amazed to see ourselves on the Video screen involved in activities during the week and bedazzled by the spectacle of halftime. Homecoming was truly a special event in the "Days of Our Lives" 1987.





1. What a great dance!
2. We're having so much fun.
3. Hi, how's it going?
4. What a cosy picture!
5. Slow songs are great.
6. What are they looking at?

To My Dearest Friend (Bud) Regina

Hi there Mean Gene! So, are you ready to party for graduation... you know it hun! And I'm going to be there, too! Gosh, I can't wait until we get out of here. Gene, I'm so glad that I get the chance to meet you and be friends with you. Youre one of the sweetest and coolest persons I know (and I love it!) Thanx for being such a good friend to me and making me laugh! You know how I love to laugh! Youre a special person to me and I'll never forget you (oh shucks) Dont Cry Gina (Boo Hoo Hoo!) And dont worry, I wont forget about you. In fact, I'll be calling you in the summer, so we can hit the beach, you know how we need a tan... Were just so white! (well maybe our butts are!) Well Bud, Keep cool and May God Bless you Always!

CRUISEN OCT.6

BRUISEN LACROSSE

Since some juniors are at an age and time, as well as ready and willing to date and have fun, we decided to ask some 11th graders for their tips. We thought that some of the lower class members of our school might use these tips in the future. We asked the question: "What do you do to prepare for a date." Here are just a few responses:

Anna Gaither takes a shower, puts on her clothes, and eats a little bit. She puts on her jewelry, does her hair, puts on her makeup, and then waits for her date to arrive.

After a lot of begging, Dennett Martinez finally decided to tell us her dating secrets. She said to do some research on your date, for example, does he eat with his hands? Make sure you know his name; if his name is rather difficult to pronounce then have him wear a name tag. And at last wear clothes for action in case your boyfriend catches you with your date. Be ready to run!

Albert Ramirez said that he starts off by taking a nice mud bath with fertilizer, gets dressed with his newest Levi's from the eighth grade and for the Grand Finale he brushes his pearly whites with onion juice.

Now we know these few examples don't represent the majority but we thought you might enjoy reading about some alternate dating tips.

'89 CLASS OF '89 CLASS OF '89 CLASS

As the school year 1987-88 came to an end, most juniors realized they had a great year ahead. The John Glenn Yearbook Staff decided to ask the class of 1989 the most important question: What are your plans for your senior year? Some of the responses were:

Gina Franco said "I would like to take my S.A.T. test as soon as possible and apply to three to four different universities. I would like to get involved in school activities, study hard, and prepare for my future."

Oral Marine said, "I plan to have a great senior year, to go to as many activities as possible. We will beat the class of 1990 in Powder Puff. I will try my best to help Varsity Volleyball win the League Champions. And at last, to Graduate with Honors."

Vickie Morgan said "I would like to Graduate with Honors, make my senior year the best it can be. I'd like to promote as many activities as I can."

"To Graduate and have fun!" said Min Park.

Hey. Well you
almost gone after
Wednesday I probably
won't see you again. But I
hope I will get to see you. I
think you ought to back and see a
few of our games. So you could see us
win. Since we are gonna be fresh next year
even if it ain't in our own gym. I'm gonna miss
you. We had some fun times during basketball. But
now all we have are memories. But that's better than
nothing. Cause I will always remember you. Thanks for being
such a cool friend. Don't forget me ok.

Eagles Care

Americans were on a giving spree. More people were volunteering their time and money to charity than ever before. Thanks to benefit concerts like Live Aid and Band Aid, people in need were getting help. American teens were doing their share.

Helping others was definitely in style — in fact, the '80's might become known as the "giving" decade. Below are the results of a survey that indicate this to be true:

How Much Do Americans Give?

1. Teens between the ages of 14 and 17 volunteer 52% of their time and money.
2. 19% of Americans are informal volunteers, helping family, friends, and neighbors.
3. 2% of the average family's income is contributed to charitable
4. 40% of American women volunteer.
5. 45% of American men volunteer.

We here at Glenn were no exception to the rule with our many worthwhile projects performed by many groups on campus. We helped whenever and wherever we could. It's hardly likely that our spirit of giving will go out of "style" because we are Eagles and we care!

Dating: Terrific Or Tiresome

This is it. You can finally do it. You've been waiting impatiently, counting down for as long as you can remember. You spray your hair for the sixty-seventh time, thinking about where you're going, and hoping it will be perfect. You hear the clunky sound of his engine, and you freeze. The horn blows, much to your father's dismay.

Running towards the door your father stops you. The horn blows again. You think your date's going to leave you. A loud knock is heard ricocheting off of the door. Trying to beat your father to the door, you fall and rip your new Acid-Wash Jeans. You scream. Your father opens the door as you run into your room.

You change as fast as you can so your dad won't embarrass him by asking "20 QUESTIONS." Worse yet your dad could embarrass you by talking about Mrs. Smith's clogged drain, or how he had to spend eight hours plunging Mr. Foukenough's toilet! Wishing your dad had become a doctor instead of a plumber, you return to the living room to find your date staring blankly at your father trying his best to look interested. They both get up. Your dad shakes his hand as the two of you practically run out the door. Getting into his car you take a deep breath, sigh, and think, "THIS IS IT?!"

Europe? Jamaica? Rome? Hawaii? Texas?

"If you could go anywhere in the world where would you go and who would you take?"

If you were asked that question what do you think your response would have been? In December some Freshmen were asked this very question and here are some of their responses:

-I would go to Europe and take my mom so she can pay for all my expenses.

-I would go to Rome and take my cousin Mayra.

-Jamaica, I would either take a guy (he has to be very cute) or my best friend and find someone really cute over there.

-I would go to Hawaii and I would take someone who I really love named Agnes.

-I would go to Texas with my girlfriend. We would ride all the horses and go shopping for things to take back home.

I'd go somewhere far away to another country and I'd like to take my boyfriend.

-I would go on a trip that would take me to Australia, Hawaii and the Bahamas. I don't know who I would take.

I would go to England and I would take my friends.

We all dream of exotic places we would love to visit. The dreams can become real depending on how much time and energy we want to devote to our lives.

Excuses . . . Excuses . . . Excuses . . .

A questionaire was passed out among the ninth graders asking for the best excuses they've told their parents for not going to school.

Being sick and overacting a common cold was the biggest response. Some of the others were:

Tran, Phuoc
Trejo, Jesus

-My locker got set on fire and I don't have any books to do my work, so I guess I won't go.
-My best friend had an emergency in his family, and he needed some help.
-There is going to be an Earthquake.
-There is a big test today, and I'm not prepared.
-I didn't finish my homework and if I went to school I would get a detention and an 'F', So I told my mother that if I stayed home I could catch up and turn it in the next day and I would get an 'A' and of course I made her feel that I wanted that 'A' and she believed me.

Trillo, Yvette
Ureno, Martha

-I would get jumped if I showed up.
-The teacher's are on strike.
-All of my clothes are dirty.
-It's a holiday.
-There is no school.

Teacher's . . . now you know . . . BEWARE!

CLASS OF '92 CLASS OF '92 CLASS OF

The First Year Of Eternity-Our Eighth Grade

This yeai s eighth grade class was bigger and better than ever. With the class size just above 400 students, the Class of 1992 was one of the best that John Glenn had ever seen.

This class, however, had their share of complaints about their first year in high school. They noticed that due to their title of "Eighth Graders" they were suddenly treated as people with a deadly disease or plague. During extended lunches they roamed about aimlessly around campus not knowing where to go next. Then there were others who managed to find an inconspicuous spot where they could eat their lunch in peace, away from the upper classmen.

All was not lost, though. Their matriculation into this new educational society was eased somewhat by their participation in pep rallies and by having their own Christmas dance. With Mr. Drake, Mr. Adams, and Ms. Blesener as their spirit boosters, this year's eighth graders were able to stun and deafen the rest of the student body by their "lung power". All of their cheering was not in vain because they were able to win the spirit stick a few times during the football season.

The Winter Festival Dance was a joint effort between the eighth graders and the freshmen. A lot of hard work was put into preparing and decorating the gym for this special occasion. Although it was nearly cancelled due to a supposed lack of interest, the dance went on as scheduled. The heavy rains that fell that evening failed to dampen the spirits of those who attended.

Despite the difficulty they encountered as they tried to "fit in", the Class of 1992 realized that this year embarked them on a journey of experiences that would last them a lifetime.

What Time Is It??!!

The day begins with all of your senses geared toward making it through the six hour school day. However, there are always some classes where time seems to be a major factor. Whether a class goes by as fast as the speed of light or drudges along as slow as a turtle's gait, time remains on-going.

When you walk into your social studies class, you think, "Oh, what am I going to do in the next fifty-five minutes?" In less than sixty seconds you find the answer to your question. As strange as it may seem, you are immersed in the words, lives, and stories of peoples from the past. Intrigued by the lives of the early colonists and the plight of the indentured servants, you look up at the clock and find the period nearly over.

During the remainder of the period, you sense a bit of impatience from the person in front of you. You can see him moving around in his chair every so often to look back at the clock. Bothered by his persistent movement you say, "If you don't stop turning your head to look at the clock you'll be stuck in that position forever." Just as you finish your warning, the bell rings and you see his head snap back into place as if he had not been guilty of "clock-watching".

You make your way into your math class and ready yourself for the test. You take out a pencil as the dittoes are being passed out. You utter a little prayer in hopes that you finish before the bell rings. The test is on your desk. Now the race against time begins!

Working feverishly through the first section, you check the clock in order to pace yourself. It seems like your brain is working in overdrive just to keep up with the ticking hands of time.

You look up at the clock once again and realize that there are only five minutes left in the period and you still have a few more problems to complete. You push lead against paper even harder as you try to finish the remaining problems. You finally start on the last problem, but that loud clanging of the bell rings through your ears. You look up at the clock one last time and wonder how in the world those fifty minutes managed to go by so fast.

ATHLETICS

When leaving El Rancho to become the head coach at Glenn this year, Coach Willie Norman brought along a few things he felt were necessary to rebuild a struggling Glenn program. One was the wing-T offense, and the other was to instill a philosophy of believing in yourself. "You have to believe that you can do well, that you can do it," said Norman. "Our players finally believed that they weren't going to fail, and that's what turned the program around this season." At first, not many people believed Norman would be able to install a complex, running offense like the wing-T.

But Norman proved his critics wrong. All-CIF running backs Kenefi Teo led the Suburban League in rushing with 1,278 yards on 174 carries (7.3 avg.) add 11 touchdowns. Johnny McDowell ran for 345 yards on 55 carries (4.2 avg.) and Vaea Ahoia had 343 yards on 51 rushing attempts (6.7 avg.). "A lot of people told me that the kids won't be able to learn the wing-T, that it wouldn't work, that the kids weren't good enough to learn it. Well, that wasn't true at all." said Norman. For several years, Glenn consistently hovered near the bottom of the Suburban League. But this year, the Eagles finished third in league with a 3-2 record. Norman said the highlight of the season was Glenn's first-round playoff game against No. 1 seed Bolsa Grande, the defending conference champion. Though the Eagles lost to Bolsa Grande, 42-20, Glenn was able to score two touchdowns and kick two field goals. At one point in the game, Glenn was leading the defending conference champions, 10-0. "Some people didn't believe that we would score in that game," said Norman. "The kids stepped up to another level in that game."

SO YOUNG-SO RESTLESS-SUCH CHAMPS

The freshmen football team this year was under the direction of Coach Valle. The team was late in getting started, so the main goal was to get the guys to play like a team and to work together. The team captains were Paseka Teo, Josh Henderson and Bobby Ernster. Although the whole team played hard the most valuable player this year was Paskea Teo, the most valuable offensive player was Bobby Ernster, and the most valuable defensive player was Pete Rayna. Our freshmen's record overall was 5-3-1 and in league was 4-1. This team was a Co-Champion in the Surbarban League. Coach Valle says his most remembered moment this year was finding out they were going to win league. Hey Frosh ... Keep it up!

SPUNKY SPIKERS DO IT WITH SPIRIT

It's so quiet in here. Where is everyone? They're always complaining about getting out of practice late, well what do they expect if they're 10 minutes late everyday.

I can hear them coming, boy they're excited, maybe we'll have a good practice today. Just please don't let me hit the ground too hard. It hurts sometimes.

Oh! There's Tricia Aguilar, this is her second year coaching here at Glenn. I think she's doing a great job! They always get along like one big family, that's GREAT!

Oh No! Here comes Mardel she's going to pound me hard. Come on Sandra you can block her. Just block her well enough so I won't hit the ground that hard.

Now that wasn't as bad as I expected. I hope they win tomorrow. What am I saying? They can't play without me. I love this.

Volleyball is a sport which requires effort, dedication, and hard work. These requirements must be met, not only be the individual person, but by the team as a whole. Starting in mid-summer the volleyball team held team tryouts, which included hours and hours of sweating and exhaustion, just to determine who were the best. Then, these players were put through training, practice games, and days which ended with their whole bodies aching.

The members of the J.V. Volleyball team all went through these extreme measures to improve themselves to better represent our school. At the games the members rotated the responsibility of being the captain. This year the J.V. Volleyball team WON the 1987 Fullerton J.V. Volleyball Tournament. J.V.- That's the way we like it!

VARSITY GIRLS

For the 2nd year in a row the girls' reached the 2nd round of C.I.F. after ranking 2nd in the league. They overwhelmed and prevailed over Valle Vista League Champ Walnut High despite the freezing weather.

In the League Finals, No. 1 singles Vikki Tran finished with a silver medal and a 2nd place ranking. No. 2 singles Sandra Gonzalez swept her 3 sets against Walnut's tough players. Also contributing was No. 3 Marienell Sapida who reached the quarterfinals and was voted Most Improved.

Meanwhile, the doubles teams powered their way into the play-offs. The No. 1 team of Anna Lazalde and Robynn Hewey showed their years of experience by sweeping all three sets against Walnut. Not to be outdone, the No. 2 team of Mei-Lin Beltran and Eloisa Lim demonstrated their stuff by also winning all three. Displaying their skill was the No. 3 team of Kim Swan and Kimlien Vu who put the icing on the cake with their Victories.

Returning girls, with brilliant coaching of Mr. Espinoza, are eyeing the League Championship for next year. Thanks to the Seniors Anna, Sandra, and Robynn.

FUTURE MARTINA NAVRATILOVAS

This year's J.V. team proved that they were a group to be reckoned with by showing their expertise as tennis players and displaying skill and technique in games that needed it. With two senior members returning for another year, the other players mostly sophomores know where to turn to for guidance and support.

Coach Thalia Montalvo seemed a little bit more at ease during her second year at that position. With her experience she was able to provide this rather young group of players with the finer points of the sport along with a lot of "love" and encouragement. The team's most challenging opponents were La Mirada and Whitney. The singles team was able to do rather well especially with Judie Jornadal ranked as the number 1 singles player leading the way. The doubles teams were just as successful. They were able to pull off some really close games where it seemed that all hope was lost. With the spunk and guts of the number 1 ranked doubles team of Meina Co and Maria Ana Layao playing for their first year on the team others followed suit and gave this year's J.V. tennis team a record and a year to be proud of.

The 1987-1988 Cross Country team was the best it has ever been. Girl's Varsity took home with them the title of League Champs, which has never been done before in the history of John Glenn. When interviewed, Coach Stein replied, "The thing that got the team going was the win over Norwalk. From then on we knew we could do it." Even though the team was short on some runners, they never gave up. It took team effort to win that title, and effort is what they had. When the meet times were at hand and the patience hard to find, with sweat pouring down their faces, every team member knew it was going to pay off somewhere, and it did!

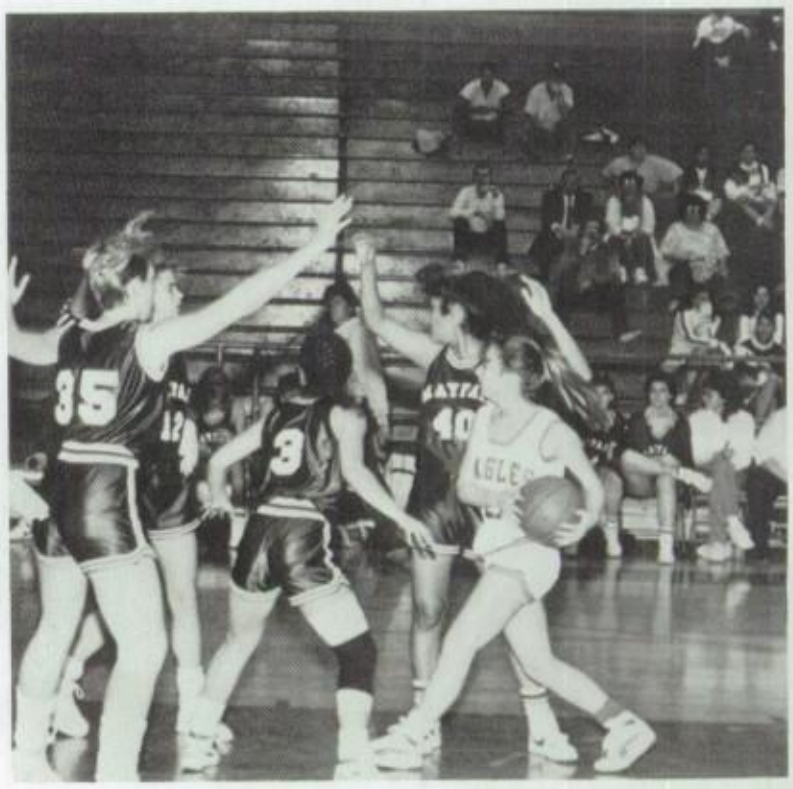
LOVE YA
BUD

For the girls' varsity basketball team, it was a good year. In fact, this has been the best season in eight years. The overall team record for pre-season was 7-3. The team captains were Michelle Krantz and Connie Mitchell. Some of the top players were Sandra Noriega averaging 11 points and 11 rebounds per game; Dawn Anderson averaging 6 points and 5 steals per game; Kelly Lathrop averaging 11 or 12 rebounds per game; Connie Mitchell averaging 12 points per game and Angelina Marin the surprise from the freshman class averaging 10 points and 9 rebounds per game. Mr. Drake felt that the girls' basketball program was headed in the right direction, and in the future they will be a serious contender for the Surbarban League Title.



(1) We know where Dawn is going, but what about the girl from the other team?
(2) With the determination of a true Eagle, Crystal plows through the other team.
(3) Michelle looks for someone to pass to.

(1) Connie flies through the air with the greatest of ease, headed straight for the hoop.
(2) Connie shows us her famous jump shot.
(3) Dawn steals the ball and races down court.
(4) Our "freshman surprise" in action.
(5) Michelle rushes in to save her teammate.
(6) Sandra shoots a foul shot.

FEMININE CAGERS

This years Girls' J.V. Basketball team was a good one. One of their main goals this year was to improve in all areas of the sport. There were 23 girls on the team: 1 junior, 5 sophomores and 7 freshmen. Their toughest game was played against Artesia. We're glad that they improved and we hope that they are the top team next year. Good luck!

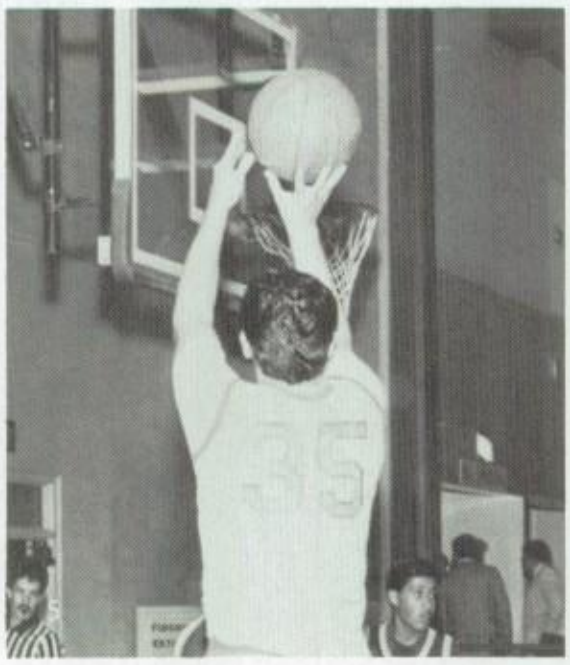
2. Jon Lathrop goes for the rebound.
3. J. Lathrop shows that Glenn never gives up.
4. J. Lathrop towers over all.
5. G. Gomez throws for two.
6. Brian Treji puts on a lot of pressure.



This year's Boys Varsity Basketball team played as good as they could inspite of the low number of players this year. They had a lot of spirit but just couldn't make it to C.I.F. Their best shots were made from the outside. They played in every game. The goals this year were to play as good as possible and to win as many games as they could for the team and the pride of John Glenn High. Keep up the good work and hope to see you in C.I.F. next year.

1. G. Gomez puts it up for 2pts.
2. Brian Treji does a great lay up.
3. Brian Treji tries a 3ptr.
4. Out of the way dude.
5. John Torres shows great form as he dribbles.
6. B. Treji all by himself.
7. G. Gomez shoots the winning point.
8. Coach Wise with a little grin.

JUNIOR VARSITY: FUTURE ALL-

Coaches Mike Flores & Mitch Crist

1st Row Kneeling L to R: Vernon Ruelos, Eddie Garcia, Sean Gooden, Frank Torres, Dan Baca. ***2nd Row Standing L to R:*** Mike Flores (Asst. Coach), Scott Boos, Hector Von Borstel, Jose Gonzalez, George Koby, Hector Valdez, Renee Angulo, Videl Hernandez, Jay McDowell (scorekeeper), Coach Mitch Crist.

This year's J.V. team proved to be a real hard working group of guys. Under the leadership and guidance of Coaches Crist and Flores, the team showed at each game that they were truly a force to be reckoned with. This being Mr. Crist's first year as J.V. coach was quite a success due to his previous experience coaching for varsity and eighth grade basketball. He credits the group's teamwork to the fact that he had worked with them as novices on the eighth grade team. "I've been coaching these guys since the eighth grade so we're a real close-knit team." noted Mr. Crist. With Coach Crist leading the way and together with Mike Flores's assistance, this year's J.V. team will prove to be an important asset to next year's varsity team.

6. Eddie Garcia catches the defense off guard by throwing a cross-court pass.
7. Sean shows that basketball is really an artform.
8. Hey, where did everybody go?
9. J.V. putting on the pressure.
10. Hector Valdez looks for another basket.
11. Everyone waits anxiously as the tip-off gets the game started.
12. Hector goes for the lay-up.

BABY EAGLES SOAR HIGH

The 1987-88 Boys' Frosh Basketball season was a successful season. With their goals aiming high, they did not only achieve them, but went beyond their expectations. Playing the top teams all around, Glenn always came out a winner. With a team like this, it's hard not to have so much spirit at John Glenn High. We know in the future this team will be one of Glenn's most promising Boys' Varsity Basketball teams ever. Keep up the good work!

THE GREAT TEE-OFF

Standing L to R: Ray Cordova, Derrick Chatton, Joe Johnson, James Para ***Sitting L to R:*** Daniel Baca, Josh Glasser, Paul Cruz, Steven Yellowitz

The 1987-88 Varsity Golf Team progressed alot from last year. In spite of the tough competition from schools like La Mirada, Bellflower, and Artesia, they came in the top three. The teams best features were their tee-offs and their chip shots. Their goals were to go to the League Finals and play as well as possible.

GRAPPLING GRAPPLERS WRESTLE THEIR

1987-'88 was another fine year for the John Glenn Eagles Varsity Wrestling Team, with the Suburban League record of 4 wins and 1 loss. The lowest part of the season was when we lost the league finals to Artesia by 8 points.

To win isn't necessarily the most important thing, but just competing with other people and doing what you set out to do is what builds your character and what makes you a better person over all.

Competition can be a useful device in developing both physical and mental qualities. A competitive spirit keeps you from giving up and makes you get back on your feet and keep striving to be the best at whatever you do.

J.V. WRESTLERS PINNING

Sweating, working out everyday, running, starving, lifting weights that seemed like boulders because you haven't eaten in two days and your arms feel limp, these are some of the challenges our EAGLES had to overcome everyday of their lives during wrestling season. When our J.V. Wrestlers began the year, their EAGLE pride wouldn't let them by anything but League Champs and that's what they became. They gained experience by competing in various competitions against other high schools. In these competitions they learned more about what manuevers to use and what moves not to make. With practice, pride, and these different competitions, the JOHN GLENN J.V. WRESTLING TEAM of 1988 was not only number one in the city of Norwalk, they were number one in the LEAGUE.

Coach Valle and Coach Domingues were very proud of the J.V. wrestlers, and got a special spark in their eyes whenever they thought of the six wrestlers who received first place in League and the four wrestlers who received second place. These and other special moments they will remember for the rest of the days of their lives.

This year 1987 and 1988, Varsity soccer was a more than adequate representative of Glenn's soccer power house. They played consistant soccer through the year, despite a few difficulties in scoring. Their excellent team spirit and athletic abilities led them straight to second place in suburban league. With their winning accomplishment this year, next year's Varsity soccer team is sure to be a success.

This year J.V. is kicking their way to be number one. This athletic group is filled with one desire. The desire to win. The team is lead by Coach McKinney who has been doing a tremendous job teaching the players the main points. This year's strong points are in their passing. "Defense is the key to our game" says Steve Kwon a two year player. With a lot of practice you'll see them running on the field even though the weather is not in agreement. Through wind, rain, or blazing sun the team unites as one to defeat their opponents. Keep up the good work J.V.

BASEBALL'S ALL-STARS . . .

Baseball, a game that requires strength, agility, and skill, gained much popularity among our "Eagle" fans. This was due to the hard work and dedication put forth by the team's members and coaches. Coach Trimble was proud of the experience that this year's team had. Three members, Manuel Ramirez, Andy Garcia, and Tracy Maziek, were on the Varsity team for three straight years. Their "know-how" helped to mold the skills and potential of the younger players. Although this season proved to be a "dog-eat-dog season" just as Coach Trimble had indicated, our Varsity team triumphed in style.

. . . SWINGING TO THE FUTURE

J.V. BASEBALL HITS THE

J.V Baseball started off their season in fine fashion. This, of course, was no surprise to their coaches, Mr. Adams and Mr. Goode. With nine returning players the experience that they possessed proved to be an advantage in their game strategy. Even though the team continued to stack up their wins, they did not fail to practice basic skills and the fundamentals of the game. Their long hours of practice and dedication coupled with the guidance of their coaches resulted in another winning year for the Varsity stars of tomorrow.

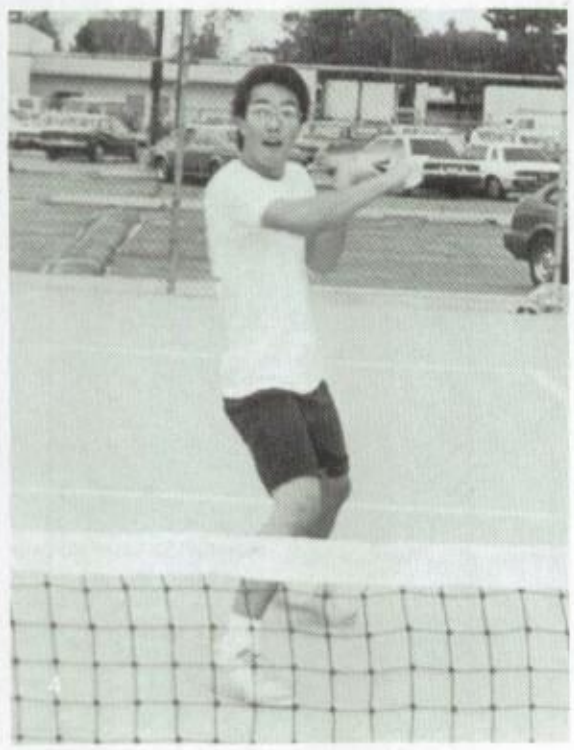
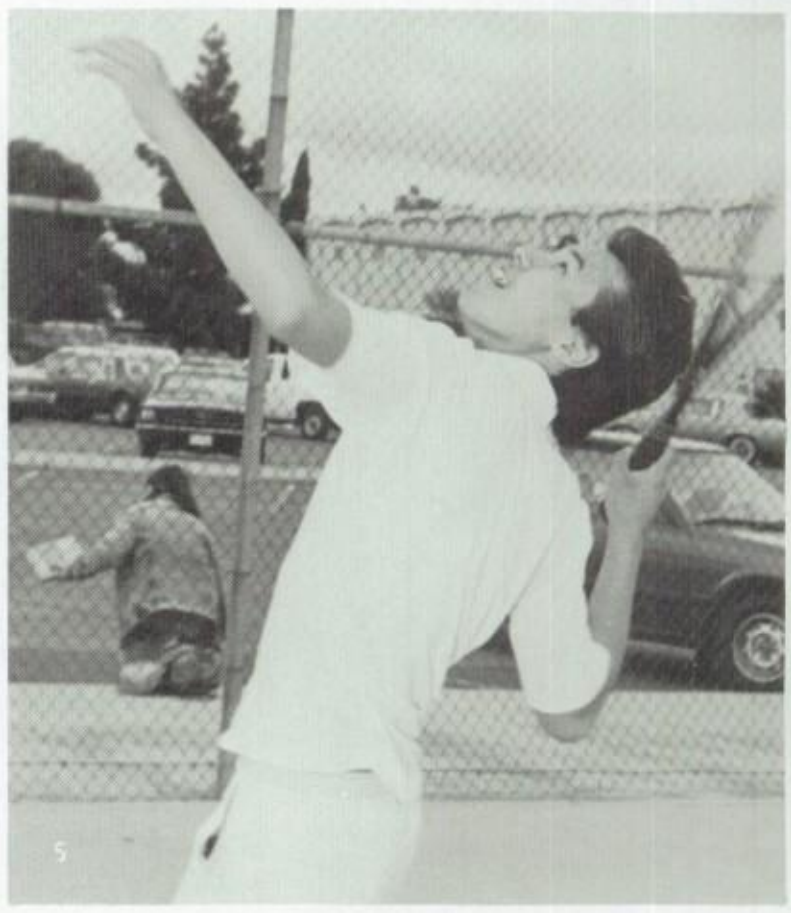
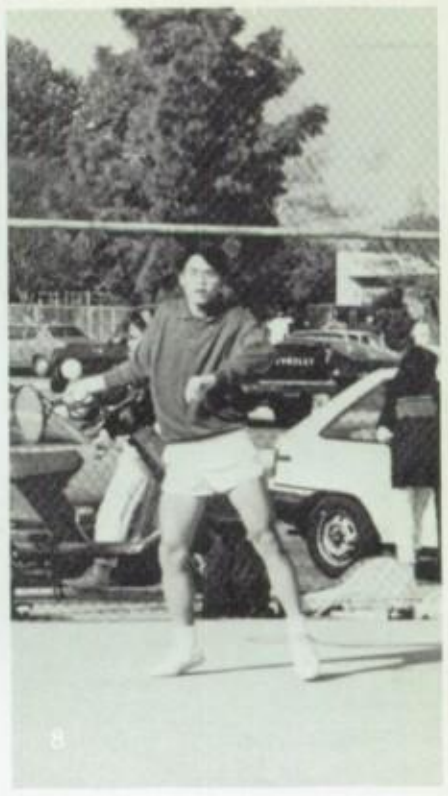
The Boys' Varsity Tennis team underwent a rebuilding stage this year. The team's power source was affected greatly by the loss of last year's senior players. "It looked like we were going to have to start from scratch," commented Coach Espinoza. Other problems plagued this young team early on in the season. For example, not all of the players were able to stay for the three full hours of after-school practice due to prior commitments with work and school. This proved to be a disadvantage when it came to pairing up the doubles teams. However, with the expertise of three returning lettermen, Hao Tran, Bobby Choi, and Tung Duong, the team demonstrated that they could overcome and succeed.







1. Tri Le: the Baryshnikov on the courts.
2. George Gonzalez can't seem to put enough swing in his forehand.
3. Coach Espinoza goes over some strategy before the game.
4. Smile Bobby! You're on candid camera.
5. Byung Kwon and his power serve.
6. "Aww guys, can't you see I'm trying to serve."

Score, score, score: this word was used a lot during the season of the 1987-1988 Eighth Grade Girls' Basketball Team.

The basketball team was strong, always working together. Helping one another was something this team did well. Whether it was on or off the court these girls were friends working together to make this team great.

1. Coach Tricia Aguilar and Coach Randy Frazier
2. Sissy Teo getting ready to throw the ball to her teammate, who will then make a basket.
3. Showing her famous lay-up, Hilda Alfaro leaps into the air to make more points.
4. Running like a panther, Lorraine Ramirez runs towards the ball to assist her teammate with a basket.
5. Keeping the ball glued to her hands, Hilda Alfaro runs and sticks the ball into the basket.

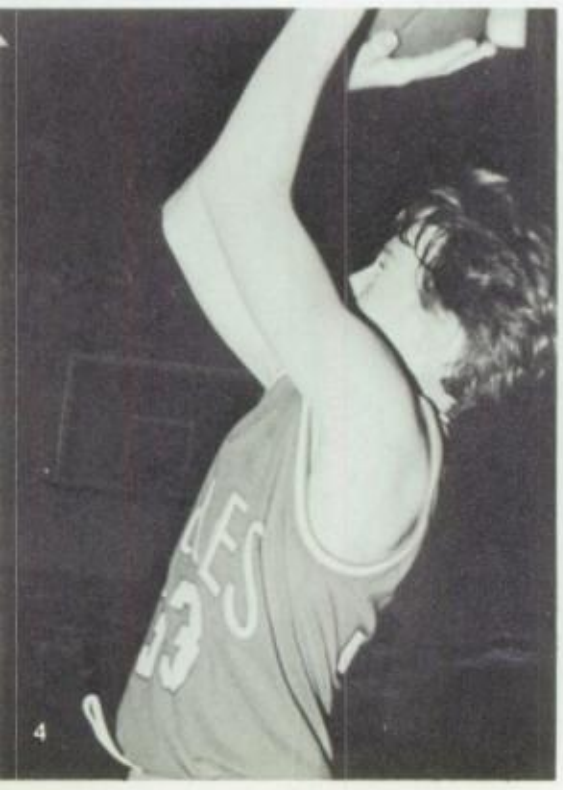
The 1987-1988 Eighth Grade Basketball Team was one that Coach Crist wasn't ashamed of. They practiced everyday during basketball season until their hands turned blue.

This year was good year for the team. They were outstanding in every way possible. When they were on defense, they were huddled over the opposite team watching every move they made with their EAGLE eyes. When they were on offense, they moved like the wind. These are our future stars.

1. Coach Crist Smiling because he's very proud of his team.
2. John Glenn doesn't fool around!
3. Johnny Huynh going up with style for yet another basket.
4. Chris Lynde, a future N.B.A. All-star.
5. Derrick Barnes showing his poise and style as he makes the free throw.

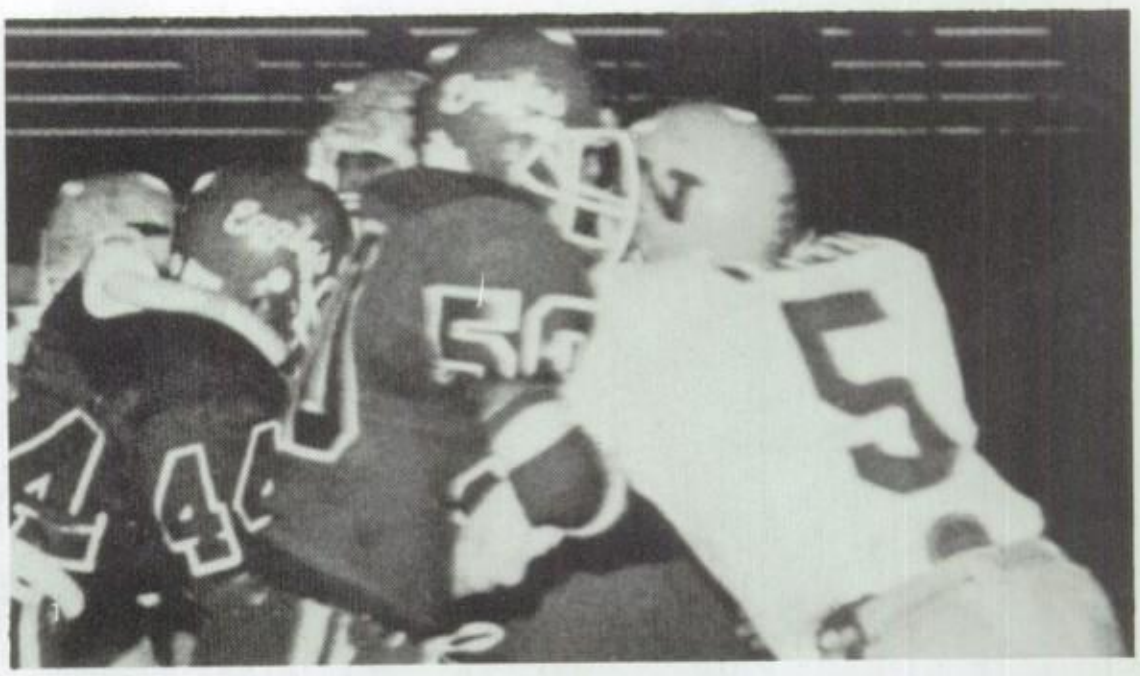


THESE ARE THE CHAMPIONS THAT

The 1987-1988 Varsity Football Team achieved a goal that had not been reached in over a decade; they went to C.I.F.

Before the year began, the team had two goals they were going to accomplish. They were going to defeat Norwalk High School and get the John Glenn High School name into the C.I.F. records. We are proud to say they achieved both of their goals.

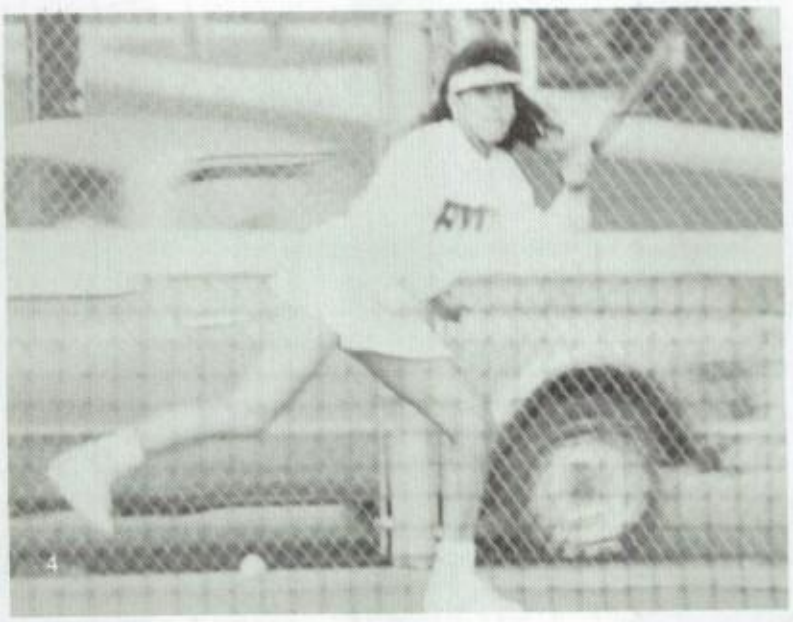
A victory over Norwalk High School meant another chance to go to C.I.F., something that would mean a lot to the team. When the game was well into the second half, Norwalk was winning by seven points. The EAGLES came back and evened up the score, then took a seven point lead. With the cheerleaders, the band, and the support from the stands, they knew they could win and they did!



1. Our EAGLES don't land on it, they smash into it!
2. Watching over the ball like a hawk, senior Tracy Maziek, waits for Phil Jimenez, also a senior, to fly in and sweep the ball out of his hands to make yet another touchdown.

C.I.F.: these three letters were all that went through the minds of every girl on the Varsity Tennis Team of 1987-1988. To go to C.I.F. would make every girl proud of who they were and conquer a dream they once had.

As the tennis season progressed, the team knew they had a chance to go to C.I.F. The more they thought about it, the more time they devoted themselves to practicing, therefore making them definite candidates for C.I.F. Dreams really do come true.



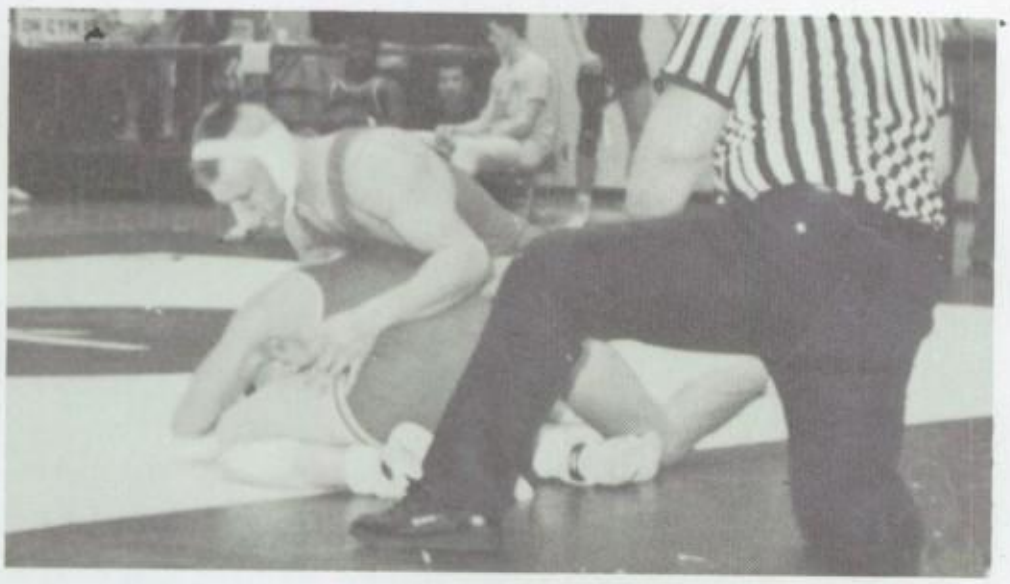
3. Kim Wan, a senior, gives her powerhouse serve and sends an electrifying current with it.
4. Robin Hewey, a senior, fires the ball back to her opponent leaving her rival full of hot air.
5. A sophomore, Marinell Sapida, swings her racket and sends her ball dancing through the air, and even adds a little hip action!

FOLLOWED THE GUIDING LIGHT TO VICTORY

Skill, Opponents, Competition, Championship, Excitement, Running these are just some of the things the 1987-1988 Varsity soccer Team had to deal with when they went on to the soccer field.

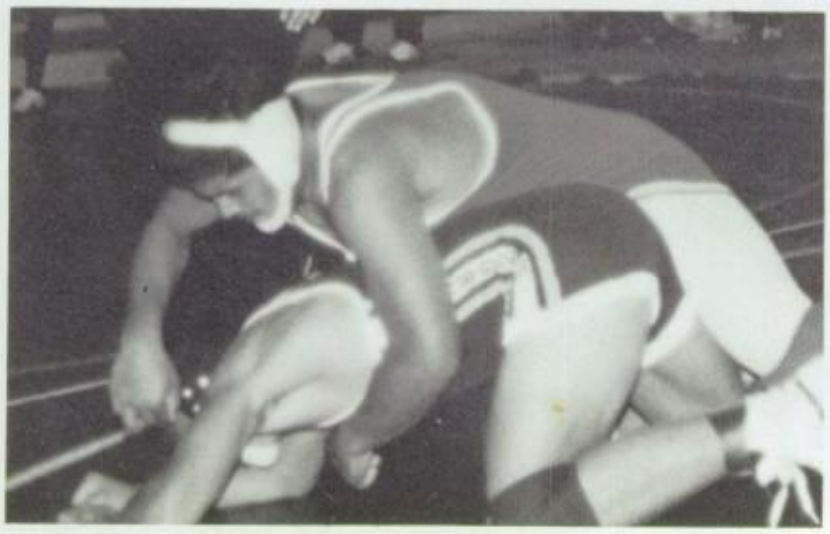
When the soccer season was . patience was at an end and practice just didn't go so great, they still didn't give up. The team kept on practicing, and that 's what got this year's varsity soccer team into the C.I.F. Championships.

1. Jorge Mantalvo jogs towards the ball waiting for an opponent to come close then he will take off and leave his rival in the dust!
2. Showing moves that will get you kicked off the dance floor, Jaime Ruvalcaba a junior, makes up for it by the way he moves that soccer ball.
3. Sneaking up alongside his opponent, Rudy Hernandez a junior, springs into action and steals the ball away!



Wrestling, it's designed for the tough guys. It requires most of the muscles in the body, and muscles are what our 1987-1988 Varsity and Junior Varsity had.

This year, Coach Valle and Coach Dominguez were very proud of their wrestlers. They trained them and worked with them everyday of wrestling season, making the team champions.



1. Rolling his opponent into a ball like a piece of clay, Chris Stovall a junior, uses his strength to mold his rival into just another piece of pottery.
2. Juan Enriquez, a junior, squeezes an opponent like a boa constrictor and eventually brings his rival to a deadly loss.
3. These are some of the many champions on the J.V. wrestling team. These are the champions of yesterday, today, and tomorrow.

THE ATHLETES OF ACADEMICS

The students in this club represented John Glenn in the Eighth Annual Academic Decathlon. The purpose of the Decathlon is to test students in school subjects and let the school teams compete with each other basically to see who is the smartest, and who "prepared the best."

Students competed in the following areas: Mathematics, Science, Social Science, Economics, Language and Literature, Fine Arts, Essay Writing, Speech Giving, Personal Interviewing, and a Super Quiz that has all students competing at the same time.

The event was on Saturday, November 14. Mr. Riddar and the team met at school at 6:15 a.m. and were picked up by a District Bus to join La Mirada High and Norwalk High to jointly go to the competition. We arrived back at our school about 6:30 p.m. It was a long but extremely challenging and rewarding day.

The Awards Banquet was the following Sunday, November 22. The John Glenn Team did not win overall, but Falguni Rami did take a Third Place Trophy in Essay Writing.

Mr. Riddar believes that this is the first time John Glenn has won an Award at the Decathlon. Thank you "Val". Next year, on to bigger and better "Things".

SERVING OUR SCHOOL WITH UNIQUE FASHION

As the years have gone by the Fashion and Service Club has been involved in many activities to help our community, starting with the girls at our own school.

This year's Fashion and Service club's objectives were to participate in school activities, to increase membership, and to hold several fundraisers.

With the help of candy sales, car washes and the Cinco De Mayo Cena they raised money for scholarships for the graduating seniors. The club also volunteered it's services to worthy projects such as the Health Fair for Norwalk.

Thanks to the support and help of their advisor Mrs. Carreon and their hard work and dedication the year was considered highly successful culminating with the Spring Fashion Show.

Did you ever need someone to talk to and you felt as if nobody was there for you?

The students here at Glenn were lucky to have Mrs. Peat and Mrs. Ford. Last year they founded a new class called Peer Counseling. This class trained students to lend a helping hand or ear. Many students found this very helpful when dealing with their problems. The class led to the formation of a club.

Being in Peer Counseling helped you grow mentally. It showed you how to listen and care for other people. Once you've been in Peer Counseling the training stays with you for the rest of your life.

The students here at Glenn will never be alone with their problems as long as we have people like Peer Counselors.

This year's Key Club, through their activities, was able to serve the community and its citizens. The first fund raiser planned for the year was a car wash. Business was so good that day, that they extended the car wash for two more hours. Because of all the hard work and tired hands, the members were able to raise over $100. In between major fund raisers, they coordinated bake sales on campus to provide the student body with a change of pace from the regular burrito and chimichanga. The money that was raised went into a scholarship fund for the graduating members.

JOINING TOGETHER WITH ONE GOAL IN MIND

The Advanced Placement Club was quite a big club but with rather small notoriety. Being one of the largest clubs on campus, its members had one goal and one goal only, to raise enough money in order to offset the cost of the Advanced Placement tests which were given in May.

The club underwent a "shifting of power" this year. Due to Mr. Fernety's transfer to a school in Canada, it left the A.P. Club without an advisor. But thanks to Mr. Ewing's kindness, he accepted the responsibility of advising the club and took them in as one of his own. With the new leader at the helm, the A.P. Club was able to once again meet their goal.

LIGHTS, CAMERA, ACTION

The Video Production Club came back to life this year, bigger and better than ever before. They appeared on and supported the "On - Line" show. "On - Line", a T.V. show designed and hosted by high school students dealt with topics of personal interest, ranging from drugs to boy - girl relationships. Many of the students were able to actually be on T.V., channel 56, and work with a live T.V. show. They were also allowed to participate as a live studio audience for the night time hit series "Valerie's Family". This gave them a better understanding of a live show. It proved to be a learning experience for all in the Video Production Club. Under the capable direction of Mrs. Edwards, the club achieved the important goal of providing Glenn students with a real life experience that could eventually be pursued into a future career.

This was one of the new clubs to make its way to the John Glenn campus. The brainchild of Tracy Maziek and Coach Stein, the Ski Club was coordinated to provide its members a chance to "hit the slopes" with a whole bunch of friends. Another problem it helped to solve was that it gave the people who found the weather too cold to surf or swim in, a place to have fun and relax.

The Ski Club had no requirements or qualifications that needed to be met so it was open to everyone. Even a few eighth graders joined! As the club started to gain more popularity, non-skiers were encouraged to join just as long as they were willing to learn and suffer a few bumps, bruises, and spills along the way. With its great success and support from the student body the Ski Club will surely be a permanent fixture in the club scene here on campus.

Tennis is a sport that takes much work and many hours of practice. Tennis has its own language like baseball and football. There are words like duece which means tie score, add in which means the favor is on the side of the person who is serving, add out which is the opposite of add in, and much more tennis lingo. This is one reason the Tennis Club has been formed, to further the knowledge of tennis amongst the Glenn students. The club also wanted to raise money for boys and girls J.V. and Varsity tennis teams by having tennis tournaments and candy sales. It was their second year as a club and they did great!!! We could say the Tennis Club has a "slam" on things.

SAY "KIM-CHEE"

The Korean Club was a new club here at John Glenn. It gave the students a chance to learn about their culture by sharing with each other their experiences, ideas, and dreams.

When Steve Kwon, the president of the Korean Club, was asked "Why did a Korean Club form?" his response was, "A long time ago a group of us wanted to do something for the recognition of Koreans. Most people stereotype Koreans as 'Brains'. We wanted to express other excellent qualities we possess. The group started out slow, but with great hope it grew. Hopefully it will continue to grow stronger and will start to prosper. We give thanks to Mr. Rapallo for helping us to get started. Even though this is the first year for the club, I felt alot has been accomplished already."

MAD SCIENTISTS

This year the Science Club's main objective was to increase interest in the fauna and flora of the Los Angeles Basin, not just the anatomy of the residents. The Science Club had many field trips planned for the year of '87 & '88 such as trip to Cabrillo Beach, astronomy trips, and many more. Under the leadership of Advisor Don Usher, students learned and understood more about science while sharing these interests in a warm and friendly atmosphere.

MR. MORALES SCOOPS NEWS AND LEADS MECHA

Under the leadership of Ed Morales Mecha's main objective for the year of 1987 and '88 was to make John Glenn a fun place to be. Also Mecha wanted to give students a chance to learn about their culture with other students who have similar interests. Mecha, after almost 17 years, is still a vital part of the activities program here at John Glenn.

When we asked him, What were the activities the Eagles had planned for the year 87-88? he replied, "We plan to see some television shows and to go to Magic Mountain." The French Club is a club whose membership is open to all students enrolled in French, or those who have previously taken French. The club advisor is Madame Kenen.

At the end of the year the club votes for the person to be the president the following year. This year the President was Connie Ayala; Vice-President was Maureen Quiros; and Secretary was Olga Vazquez.

The fund raising activites this year included a stuffed animal sale, a candy sale, a donation drawing, and a trip to a TV studio.

The activities for the 1987-88 year included: -A "Petit Dejeuner" (little lunch) co-sponsored by the ASB for the faculty.
-A French Culture Day at Cal State Fullerton
-And the traditional highlight of the year: Lunch at the French Restaurant-Cafe Casino in Costa Mesa.

Secretary Olga Vazquez had this to say about her experience in French Club: "Being in the French Club was an exciting adventure and I discovered a whole new culture."

GERMAN-AS EASY AS "EINS, ZWEI, DREI"

The German Club gets better every year and this year it was fantastic. Its members learned not only about the German culture, but also about other people and each other. They all shared a common interest - "Deutsch."

Some of their activities were a trip to Magic Mountain, a picnic, and a trip to a German restaurant, where they enjoyed "apfelstrudel" among other things. They also took part in school sponsored activities.

President Georgina Moreno felt that the German Club brought together a variety of people and felt it was nice to be part of a diverse group.

SOARING LIKE

After countless hours of practice, the Pep Units would energize our spirits starting with Pep Rallies and concluding with football games. Devotion such as theirs paid off, causing John Glenn High School to regain an unyielding spirit.

Although some may consider cheerleading all fun and games, any member of the Pep Squad would surely disagree. Their excruciating job did not just begin in September. During the summer these units traveled to USA camp. This successful trip allowed them to return with numerous ribbons and trophies, including our "Spirit" stick.

As you may well know, the Pep Units spirit did not stop after CIF. This year they went to the state and local competitions to represent J G H S with enormous amounts of spirit and pride. Their dedication paid off by being chosen by USA as one of twenty high schools in the United States to go on a nineteen day European tour. This incredible group showed us Eagles a spirit that will never die.

As the bell rang to go to lunch, Editor Renee Seph exclaimed, "Everybody stay in, we have a deadline!" This was a common statement made to the Patriot Staff about once a month.

From August until June, the Patriot Staff worked continuously to produce an everlasting memory, the yearbook. There were many hard times, late nights, growling stomachs, and even tears flowing from our eyes, as we put our best foot forward to accomplish the enormous task ahead of us, the compilation of a year of activities and memories, skillfully and tastefully organized into a book that would last forever. It takes a lot of hard work and patience to produce a yearbook and we constantly tried to put our best into this year's Patriot, while at the same time thinking of you, the audience. After all is said and done, all of the hard times, late nights, growling stomaches, and even tears, it was all worthwhile. Yes, in fact, we enjoyed producing this everlasting memory for you and we hope it will be a part of your lives for many years to come.

Practice! Practice! Practice!

That's what made this year's J.G.H.S. Drill Team so great.

The growling stomachs, sore muscles, and bursting brains were all worth it, when they received that first place trophy.

The Drill Team fulfilled their main goal for '87-'88 giving outstanding performances with grace and beauty.

Along with the Mighty Eagle Band, the Drill Team presented many memorable half-time shows and scored high in the parades they competed in.

They were all there for each other through the good times and the bad. They might have screamed at each other one time or another, but all in all this year's J.G.H.S. Drill Team was one big family.

LEADERSHIP . . . FIRST CLASS

"It's 7:05 a.m. and I now call this meeting to order. The first item on the agenda is checks," stated Renee Seph A.S.B. President, as the A.S.B. Cabinet prepared for their daily meeting. Each morning, the A.S.B. Cabinet joined together to organize the school activities. Many people do not understand all of the hard work and stress the A.S.B. Cabinet has upon their shoulders all year long. Now don't get us wrong, the A.S.B. Cabinet does have their fun times, such as Christmas parties, Leadership conferences, and even donuts in the morning. It takes a lot of hard work and early mornings to organize the entire school's activities and the A.S.B. Cabinet of 1987-88 accomplished that difficult task that was set before them in September. This is just a quick glimpse "behind the scenes" of the A.S.B. Cabinet. Next time you see an A.S.B. Cabinet member, just smile and say thanks and realize that all of our hard work is for everyone here at John Glenn.

MEXICAN CULTURE THROUGH FOLKLORICO

Under the leadership of its new advisor, Lawrence Talavera, Ballet Folklorico wanted to promote cultural awareness of Mexican dance and folklore. This year's Ballet Folkorico had planned many programs and fundraisers that took them through an exciting year.

During the '87-'88 year, Ballet Folklorico's many performances ranged from appearances in Cinco de Mayo fiestas to performances at the Heritage Fair. Every year Ballet Folkorico performs at all the elementary schools in the Norwalk area.

Folklorico's dance routines were closely supervised by Norbert Magana. Norbert is currently performing in a professional group. His expertise, combined with Mr. Talavera's dedication and the dance members' hard work spelled out a Glenn performing group that we could all be proud of.

GLENN'S BRAIN TRUST

The California Scholarship Federation, with Mr. Robert Ewing as its advisor, made this year another successful one. There were more stringent requirements limiting the types of classes that made a student eligible to become a member. Despite these new standards, CSF was able to boast a membership of over seventy students.

Although the hard work put in by all the members went to benefit the senior members, the underclassmen knew that their efforts would be rewarded in the future. The profits from the annual candy sale and other fund raisers went toward scholarships awarded to the senior members of the club. These senior students received the scholarships awarded by the club, as well as scholarships from the Federation ranging from $100-$1,000.

REALLY SPECIAL PEOPLE

This group was started in 1985-1986 A.D; by Mrs. Diaz. This year it was under the leadership of Mrs. Jeanne Castillo. The group that I am referring to is our RSP club; which welcomes everyone with open arms. Unable to meet during the summer; like many other groups here on campus, they did visit the Getty museum and the Cabrillo museum. They viewed the preserved things from our past; as well, and appreciated the things we have today. They attended social interaction workshops, where they shared their feelings, experiences, as well, as their personal views of life and society. RSP's main goal was to interact with peers and with their families.

MESA: THE MINDS OF THE FUTURE

MESA is designed to encourage students to prepare for college and maintain their 3.0 grade average. In the past the organization has rewarded students with various scholarships, allowing them to see what school is like at U.S.C., the eastern U.S., and even in France!

Under the direction of Mr. Renison, this year's MESA members attended a trip to see the sights and sounds of McDonnell Douglas. They were also involved in various competitions with other schools such as the "Oil Derrick's Construction." The members constructed oil derrick's with matchsticks and then constructed a test to see whose was the strongest. This involved a lot of mathematical equations as well as engineering techniques. Activities such as these were not only fun for the members, but reinforced their knowledge and experience in science and engineering.

WELCOME THE "THEE CLUB"

Under the leadership of Mrs. Diaz a new group was developed. The club chose the very distinctive name "Thee Club." During the summer of 1987 they visited Catalina Island, and during the year of 1987-1988 they also visited some rather exciting places such as The Getty Museum, the court house, the police academy and a higher education institution. The visits were always followed up with talk and sharing their experiences. Along with these fun activities, they also had a few fundraisers. Their main object was to communicate and to interact with others, as well as explore many horizons.

This year's Interdependence Club advisors were: Mrs. Archer and Mr. Monroe. The president was Tina Hart, vice president was Rene Centeno and the secretary Kandice Ernster.

Each year the Interdependence Club tries to develop school and community programs which integrate students with or without disabilities into main stream environments through service-learning projects and social get-to-gethers.

The Interdependence Club was one of the most active clubs on campus. They had year-a-round activities involving Interdependence Clubs at Glenn, Norwalk, La Mirada, and El Camino; their members met once a month. Most holidays were celebrated with a pot luck and a dance held in Gerdes Park house in Norwalk.

These and many more activities constituted the Interdependence Club this year.

FUTURE WRITERS

The name of the game is reading and the club name is The Mystery Book Club. Mrs. Monro was the advisor for these young future writers. Along with Mrs. Monro, the club's goal was to put on their own mystery book, and become more acquainted with the writings of other great mystery book writers.

Besides writing a mystery book, the club went to the Sherlock Holmes Book Club this year to learn a few more important details about writing a good mystery book, and to meet other people that have the same likes as theirs. Good luck on the mystery book.

SE HABLA ESPAÑOL

For the second year Mrs. Carolyn Bell was the advisor for the Spanish Club. She wanted to help Spanish Club members to become aware of the traditions of Mexico and Spain. There were fund raising activities to build up financial resources to help pay for a trip to a Mexican restaurant for Spanish Club members (not a fast food place like Taco Bell). For the wise students who realized that the Spanish language would be a valuable asset in our part of the country, the Spanish Club served as a fun opportunity to utilize these skills.

THE LEADERS OF TOMORROW HERE TODAY

FBLA, our Future Business Leaders of America, were guided by Mrs. Sally Layman, our business teacher here at Glenn. Their goal was to compete, as well as to win, at the state competition level. Unable, to meet during the summer, never the less they attended the State and National Conferences. By attending workshops, they gained more knowledge to help them be better leaders; not that they were not already. Knowledge never has an end.

One of the toughest tasks for a yearbook staff, next to meeting deadlines, is choosing someone for the dedication. Here at Glenn we have many worthy candidates, but only one must be chosen.

Our dedicatee was born in Conway, Arkansas on November 30. He was the first son in his family and they named him Lee A. Mitchell, Jr.

He went to elementary and high school in Arkansas. At Pine Street High School, Lee was a well-rounded person. He was involved in drama, debate club, newspaper staff, science club, and of course the Pine Street Polar Bear Marching and Concert Band, where he played the drums. His high school was and still is very dear to him because everyone was treated as an individual.

Upon high school graduation, Lee received a full music scholarship to Philander Smith College in Little Rock, Arkansas. He was there for two years and then transferred to the University of Arkansas, where he received his B.A. in music. While in college, he played in a combo/dance band and played the drums. He was a band director in Warren, Arkansas for 8 yrs., then moved to Fullerton, CA where he has lived for the past eighteen years. Lee Mitchell was director of the Bellflower Youth Band and is the founding director of the Norwalk All-City Youth Band. The All-City Band was formed in lieu of the 1976 Bicentennial Celebration.

Lee has taught in the Norwalk-La Mirada Unified School District in many different locations, Centennial Intermediate, Excelsior High School, and now John Glenn High School. He received his masters degree and administrative credential while teaching. Lee has been the band director at Glenn for years and has led them to many high achievements. He has traveled extensively, both inside and outside of the United States, with his "kids!"

Mr. Mitchell is the father of one son Lee A. Mitchell, III. He also has one granddaughter, Shayna, and a grandson, Lee A. Mitchell, IV. All of this and more, make his life worth living.

The fact that Mr. Mitchell has touched so many in the pursuit of his profession brought us to him as a truly worthy recipient of this honor. It is with great pleasure that we, the Patriot Staff 1987-88, dedicate our twenty-sixth volume to J.G.H.S."s "Music Man", Mr. Lee Mitchell.

I would like to thank and congratulate Mr. Richard Garcia, Yearbook Advisor, and everyone on the Yearbook Staff, for the very special touch that they give to our school yearbook. We are very proud of our students and staff and constantly remind them that it is they who have the ability to create a school of which all of us can be proud. The yearbook is a living document in pictorial form of the spirit, the energies, and the dedication that comprise John Glenn.

The 1987-88 students at John Glenn High School made many outstanding contributions to the Educational and Social developments of our school. A number of our graduating seniors were accepted into universites, the athletic teams had one of the most successful years ever, and our student leaders were motivated, enlightened, and very busy. John Glenn High School was a good place to be. It's happening here!!

As administrator in charge of Curriculum and Instruction it was my responsibility to make sure that every student had the opportunity to complete a five year program preparing them for graduation and adult life. The students at John Glenn High School were fortunate that they had an opportunity to enroll in a wide variety of educational experiences. Gathering information from students, teachers, and the community, the counseling office, under my supervision, was able to develop a quality educational program for each student. I feel confident that John Glenn High School students are prepared to pursue vocational and educational endeavors following graduation. Linda Hary

I considered it a great privilege to serve the students and parents of John Glenn High School. I found it exciting to provide a leadership role for students from such diverse backgrounds. For many of John Glenn's students, their years at Glenn marked the end of their formal education. I strove hard to make students aware of their rights and responsibilities as American citizens. When they interacted with me, they know that they were given "due process" and that they were entitled to due process at any time they did business with governmental agencies. If they understand that much, I know that I have done my job well.

As the administrator responsible for a "School Within a School", for the 8th and 9th grade students, I am happy to say that many of our students made excellent progress in all areas of study. The teachers and counselors worked together as a team to make sure all of our students remained in school and made graduation from high school an attainable goal. Also, through the educational partnership with the University of California at Irvine, and California State University, Dominguez Hills, we built a bridge that would provide easy access for our students to attend college. Our students were very lucky to have caring teachers and counselors who were willing and wanted to provide the best education for each and everyone of our students at John Glenn.

Although you may have thought that the counselors were just here for class schedules, you assumed wrong. They were preparing us for our future. Career, personal crisis, and group counseling helped us grow into adulthood. Tests such as the SAT were organized by them to insure our promising future. Even though the future was important, the present concerned our counselors also. They proved to us that caring and counselor are synonymous words. To sum up everything, our counselors helped us through some of the worst crises and never left us standing alone during the "Days Of Our Lives" at J.G.H.S.

SCENE ONE . . . BUSINESS EDUCATION

"The business of America is Business" and Glenn's business department could be proud of the offerings provided for its students. This department was ranked among the best in the district, or beyond the district, for that matter. In today's industrialized society, business skills are a necessity for the business-oriented student as well as the non-business minded. The business department offered the opportunity to enter the fast paced world of office work and beyond and as we, the generation that will be most completely involved in and receive the most benefit from our modern technology, soon realized, it wasn't too early to begin learning a thing or two about the wonderful world that awaited us beyond high school.

CORE= Caring, Organized, Responsive Educators. This may or may not have been the intended identification of this acronym, but remember the old saying, "If the shoe fits ..." The CORE at Glenn expanded to include 9th grade as well as 8th grade. The Principal's philosophy was simple but strong: start early, train well, show concern, and the end result will be older classmen who appreciate the opportunities provided them, have good study habits, and can guarantee themselves success in school and eventually graduation. Our school within a school at Glenn was a model for the other high schools in our district as well as high schools in other districts. The CORE worked hard to meet the special needs of the younger members of our campus and the results showed we were on the right track. Achievement levels were up and boy, did the classes of '91 and '92 have spirit!

Music! Art! Drama! Humanities! (Yearbook?) These were the offerings that fulfilled our Fine Arts requirement. Think for a moment about the label, "Fine Arts." Our time in high school was dedicated to many practical studies, studies that would begin to guide us in a direction that would awaken an interest in a future career. But along the way we needed more than just practical education. Wasn't there a "fine" side to life that needed to be explored — a creative, philosophical, artistic side of life? Fine Arts was about all that and more. A healthy, happy human being works, plays, relaxes, strains, enjoys, and develops every conceivable aspect of his or her potential. Through Fine Arts, one more facet of the "complete" student was polished and refined. We learned that learning was more than the basic 3 R's.

Hola!, Bon jour!, Guten Tag! Who could forget all those memorable moments in French, Spanish, and German — those seemingly irrelevant sentences, accents that we always gave the wrong emphasis, endless conjugation, and those strange, strange words that tied our tongues in knots? As the year progressed, so did our proficiency in these new languages and didn't it seem that we learned a bit more about our very own English Language?

With the great number of languages other than English spoken in California and particularly at J.G.H.S. Foreign Language learning and teaching took on new meaning. A foreign language no longer seemed quite so "foreign" and acquiring a new language seemed to make a lot of sense.

Glenn's Foreign Language department offered us a chance to fulfill those much needed college entrance requirements, but it also provided the opportunity to learn about new cultures and other lands. Foreign Language was alive and well at J.G.H.S.!

SCENE FIVE . . . HOME ECONOMICS

Consumer Home Economics went well beyond the old stereotype of developing future "housewives." In today's world anyone of us could at some time or another find ourselves in the role of homemaker and we had best be prepared. Sewing a stitch, cooking a meal, budgeting our income, shopping wisely; these were all skills anyone of us would be well advised to learn. Our unisex world doesn't allow for these areas to be defined as "women's work" and the smart Glenn student, guy or gal, availed him or herself of the opportunity to be a better consumer.

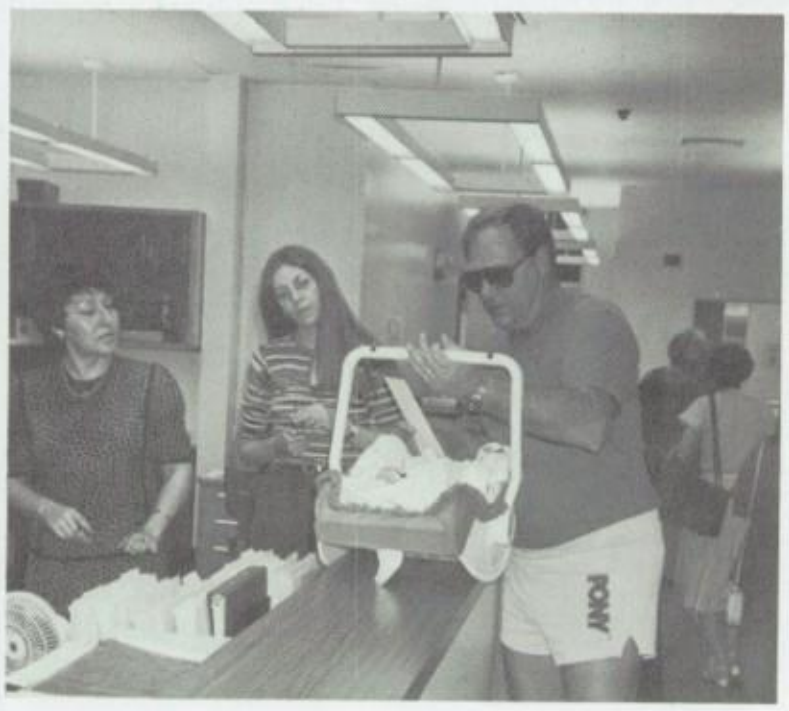
BEHIND THE SCENES



SCENE SIX . . .

Not all Glenn students traveled through the Industrial Arts program, but those who did, found a wealth of information and skills available in the areas of auto mechanics, metal shop, wood working, drafting, and electronics. The practical skills that were picked up could easily be transferred to the world of work and whether or not a student was going on to college, the Industrial Arts department provided us with skills that we could rely on whenever we chose to do so.

Mention Language Arts (English) and what usually came to mind? Perhaps lectures, speeches, reading literature selections and trying to phathom the author's "message", writing essays, studying vocabulary and let's not forget "good ole" grammar! The mere mention of English usually caused most to cringe, but we all knew that mastering the language we spoke would eventually be the key to our success. Just like everything in life that was worthwhile, understanding English better was hard work, but the hard work paid off and even as we spoke the language of our peers and slaughtered the language of the classroom (double negatives, incorrect subject-verb agreement, missplaced modifiers, etc.) we knew the difference and when the situation called for it, all the formal language training would surely pay off.

Why did it seem that the one mathematical fact that stuck in our minds was the old geometric law "The shortest distance between two points is a straight line." (It happened everytime we cut across the lawn instead of using the walkways.) Mathematics! Remember trying to figure out what the teacher was talking about? Why at times it seemed like a foreign language! Factoring, reducing, simplifying were tough, but oh those dreaded monsters — Word Problems! They were the true test of understanding, and the section that gave us the most headaches. "Anacin anyone?" Example: If Joel is 10 years old and his brother Mike is 4 times less the age of his father when he married his 3rd wife in 1962, how old is his mother who is his father's 1st wife? . . . or something to that effect.

We discovered there was no easy way through geometry. Either you memorized theorems and postulates or you were buried alive in your own ignorance the rest of the semester.

Why all the fuss? Couldn't we just buy an inexpensive calculator that would solve all our problems? Well, not exactly, and those who already held jobs knew the importance of applying mathematics to the world we live in. Success in life after high school depends, in large part, on how we handle our finances and math is the basis for all financial transactions.

SCENE NINE . . . PHYSICAL EDUCATION

A sound mind needs a healthy "home" in which to reside. Physical Education was the place to build that residence. Most of us, if sports wasn't our forte, limited ourselves to fulfilling our graduation requirements for P.E., but doing just that, taught us a great deal about the rudiments of a variety of sports, the value of exercise and keeping fit, and of course the all important concept of sportsmanship. Physical fitness is a mania in America today and in P.E. we were given an opportunity to build our strong "house" so that our well-developed minds had the means by which to travel to our futures.

SCENE TEN . . . SCIENCE

Darwin's Theory of Evolution, microscopes, thermometers, DNA, bunsen burners, dissecting frogs — this was life in the 1100 building and Glenn students more than every before were being exposed to science.

Though the courses revolved around lectures, textbook study, and lab experiments, the foundation of science is questioning and our teachers tried to keep it inquiry-oriented. Participation was essential and though we all weren't destined to be doctors or scientists, our time spent in science was one more effort to fine-tune us into well rounded, well-educated adults.

"History repeats itself". "Knowing about our past will help us understand our present and guide us to our future." "A nations strength is in its history." Each of these time-worn statements held a great degree of truth and certainly justified our moving through U.S. History, World Cultures, American Government, etc., but just like the average American high school student, Glenn Eagles found it, at times, difficult to turn those pages of time and discover those lessons of the past. We were helped many times by many of our dedicated staff who breathed "life" into the history that they taught and helped us to appreciate that life didn't begin with our generation. An educated citizenry is the key to the success of a democratic society and Glenn's social science department continually strove to contribute to that end. We must be willing to offer solutions if we are going to criticize the world around us. As someone once stated, "Those who refuse to study history are condemned to repeat it." Most of us studied hard, because we certainly didn't want to "repeat history."

SPECIAL EDUCATION

Reading unlocks the doors and allows us to attain our goals. Though most of us took it for granted that we could read, many of us realized our reading skills could improve and the reading classes coupled with the Reading Lab gave us a chance to do just that. Whether our goal was to improve our reading level, to do better in our academic program, or to become more involved in the wonderful world of books, J.G.H.S. acknowledged that even in high school, we could improve those skills.

Think about this . . . Have you ever felt down or had a problem and thought your life would always be in the dark. Then all your friends talked to you and cheered you up. Before you knew it, you were laughing. Well, John Glenn is not only a place with a good learning environment, and a faculty who tries to help students out, but it's a place where warmth and caring come through as well.

As the *Days of Our Lives* occurred day by day our friends were those who we looked forward to seeing, especially when we needed help and support. They, our friends, were always there waiting with open arms.

So as the saying goes, you'll never feel alone when you've got a friend, because somewhere in the midst of things you'll find a new face who awaits your friendship!!! Be ready to give it.

a) Actors from Oregon Shakespeare Festival School Visitation Program, b) Leslie Wilson hamming it up at the California State Thespian Festival at Cypress College, c) Thespian State Board Director of Publicity, Alecia Hannum and State Secretary, Becky Whitley taking a break at the State Festival, d) special assembly here at Glenn with mime Cary Trivanovich wowing the crowd.

This has been a very full year for Glenn Thespians. Our production in December was as exciting and energy packed as we've seen - from high drama to high comedy to finger snapping dance numbers.

Special performances this year on our stage have been wonderful. Ashland actors for the third year were great; there's no other way of putting it. Then . . . a smashing performance by mime Cary Trivanovich. OUTSTANDING!

All I can say about our California State Thespian Festival '88 is FANTASTIC, EXCITING, EXHAUSTING, SPECIAL and we can't wait for next year.

DANCING THROUGH THE NIGHTS OF OUR LIVES

Our dances this year included: the Halloween dance. This dance was held in the gym during lunch for those dressed in costumes, a great success with both students and staff, considering it was a first time shot; A Homecoming dance celebrating the return of our Alumni and victory in football. Everyone danced the night away to the sounds of Pro Production; The annual Christmas dance, sponsored by the Cheerleaders, was held at Sequoia Athletic Club. Many students attended and some even bowled; The second Thanksgiving Benefit dance was held to help feed needy families in our community. The students at John Glenn rang in 1988 by attending a Hawaiian dance. Though the numbers there were small, everyone enjoyed themselves. The A.S.B. Cabinet sponsored a non-alcoholic bar that everyone enjoyed. The dances this year were a big success and we hope next year it will be the same, so John Glenn students get out there and boogie.

GATHERING THE SANDS OF TIME . . .

As the sands of time fell through the hourglass, we looked back and found ourselves victims of a surprise shaker, in the middle of a Persian Gulf conflict, and witnessing the union of the two super powers: Russia and America. These were some of the big events of the year: (1) In six years Aids has killed nearly 25,000 Americans, millions of dollars have poured into medical research. (2) Kirby Puckett and Jeff Raerdon of the Minnesota Twins celebrate their World Series victory over the St. Louis Cardinals. (3) The Dow Jones industrial stock average dropped 508 points-it was referred to as "Black Monday". (4) Democratic presidential candidate Gary Hart spoiled his chance for a presidential bid. (5) An earthquake that measured 6.1 on the Richter scale hit Southern California in October. It was not a catastrophic quake, but the damage was extensive. (6) Dennis Conner, the man who lost the America's Cup in 1983, won it back four years later on the Stars & Stripes. (7) A 24-day strike by the NFL players ended in Mid-October when the union capitulated and went to court instead of trying to fight the club owners at the bargaining table. (8) Miss Michigan, Kaye Lani, Rae Rafko, a nurse who shook up the talent competition with a Polynesian dance, was crowned Miss America 1988. (9) Television evangelists Jim and Tammy Bakker said Farewell to the PTL ministry on March, 15. (10) President and Mrs. Reagan greeted Pope Paul II on his nine-city tour of the United States. 11) The Golden Gate Bridge in San Francisco celebrated its 50th birthday. (12) Deaths: ***Fred Astaire,*** who epitomized Hollywood's elegance for 25 years, died of pneumonia in June at the age of 88. ***Liberace,*** the glittering showman and pianist, died quietly at his home in February at the age of 67. ***John Huston,*** famous director, died in his sleep in August at the age of 81. ***Lee Marvin,*** was remembered by colleagues as an actor who really was among the good guys even though he often portrayed the hard-as-nails rogue. ***Lorne Greene,*** who for 14 years played the firm but gentle father of three sons on television's "Bonanza." ***Jackie Gleason,*** the rotund "Great One" who got laughs and riches as a blustering bus driver in the television series "The Honeymooners," died in June at the age of 71. (13) Marine Lt. Col. Oliver L. North-became somewhat of a celebrity, (14) In an effort to keep the Persian Gulf open to navigation, the United States began in July to protect ships from Iran. (15) Two of the top entertainers of the year were Whitney Houston and Madonna. (16) Washington Redskins quarterback Doug Williams grimaces as he hits the ground in the second quarter of Super Bowl XXIII in San Diego.

To be or not to be was the attitude some of us had when it came to being in style. But to others it didn't mean much.

Most of todays teenager drove their parents crazy especially when it came to "Dressing Up." In the "olden days" parents dressed their son in a pollo shirt with a vest and girls were put in dresses or skirts. But we've come a long way baby! all that had changed . . . not because We, as an individual, matured. But it was the 80's.

For example, have you ever heard this from your parents before? What are you wearing? Why are you wearing those torn up pair of jeans? I just bought you a new pair! Brush your hair, it's sticking up! We've all heard these remarks just as we were ready to walk out the door trying to convince our parents that this look was definitly "In."

As individuals, each and everyone of us had our own taste in clothing. Many were the daring type while most of us were just the carefree style, into the comfortable look.

But the important thing was you were happy about how you looked. Having self confidence was the key to looking great which makes the fashion Statement!

THE KEY TO STYLE;

Simplicity, Selectivety, Attitude

THOUGHTFUL PARTING WORDS

My best friend Debbie,
We've been together so long through "almost" everything. Though the tough times of our senior year pulled us apart from each other - you'll forever be in my heart and mind. I wish you the best of luck!

Love Ya, (Your)
Jeanette

To Ralph
That one special person in my life. All those years wouldn't of been the best if you weren't in them. Never forget those special moments that are ours forever. There's one more thing I want to say "I Love You". "May our dreams live forever."

From: Adriana Aragon

To my Cream, "I Love You", you're all I'll ever want and need . . . A.A., A.P., A.S., D.G., good luck with your #1 guy, you deserve the best. (Roy dedi: "Could of Been" by Tiffany). And to the Class of '88 - We finally made it*!!??

Love,
(B.H.) Peaches

I thank my family, specially my mom for everything they've done for me, and for always being there - "I Love You" - To "Adriana", "Angie", "Aracel", and "Dora", I thank you all for being true friends, for always caring, sharing, and understanding. (Friends Forever.) Love You All!

Love,
Beatriz Hernandez

Sugar kisses: The dark, moody + mysterious Destiny brought bitterness, sunset showed no smile, April skies cried of pale, morbid rains . . . but they are happy. Poetry + surrealism, stunned "oh, hi!" seems so unfair, The Voice wants to die Asleep + Unlovable, *Charlotte* did not cry (but she cared).

Signed,
Sixteen, clumsy + shy

P.S. Very nice, but maybe in the next world.

To: My Boyfriend
Our relationship has been going on for so long. Hope we stay together, and our dreams don't fall apart. You're my #1 baby. Wishing you the best in the world (D.L.N.O.G.Y.D.) and lead you in a wrong direction. (Angie - loves - Richard)

Yours Truly,
Angelica Perez

To my little sister and brother
(D.L.N.O.G.Y.D.) And lead you both in a wrong direction. Don't be afraid to jump on opportunities. Don't put yourself down. Be bright and smart stay in school and further your education. I love you both.

Your sister,
Angelica Perez

Thanks to my special friends Ana T., Liza, Hilda, we finally made it. Jose G. remember you will always be my true love. Liz go crazy with Fernando! Abel and Hilda, all I could say is "OH MY, those sound effects!" And Ana I owe you a green burrito.

From: Patty Rodriguez

To my love, Albert,
Babe, you have brought much happiness into my life. You will be forever in my heart. Thank you for those great times we were able to share. I hope there are more to come. I'll love you always!

Forever Yours,
Debbie Vincent

To Xavier, Fernando and Raymond, may you marry somebody at Peanuts. Just kidding (Ha, ha, ha,). To Jeanie Cruz I'm not only going to give you innocent *"STEVIE"* but also *"BENNY"*. To Nadine Formoso, I give you permission to depart any desperate human being, and thanks for not letting me eat cafeteria food and taking me out for lunch. Eric Sandoval - All the bruises. Eloisa Thanks for everything and last but not least to Jenny and Rachel, I leave both of you tiny and weenie (enjoy)!!! And to the graduating class of '88 congratulations!

Love,
Debbie Sarmiento

To: Tony Ramos -
It's "impressive" that we're still hanging in there after all our rough times! You've got one more year ahead of you, so don't mess up! Just remember "Quiero Estar Contigo" always, because "Te Amo mas que nuca"! A year will be a breeze!

From: Rheamie

To: Tony, David, Hector, Ann, Liz, and every one else I forgot to mention. All of you better make sure to keep in touch over the years, DIG! David and Tony, just remember that we'll always be the best of friends forever! Catch ya all later!

From: Rheamie

Congratulations Pumpkin
You made your first step toward your career. Keep your goals high and go for the gusto. You've got what it takes - be proud You know we are all proud of you. I'm bursting with pride.

I Love You,
Moo Moo

Very special thanks go out to Kimmy for the rides to school and to Paul for all the "Big Red" gum. Michelle, what do you say we do some more illegal fishing? (But watch out for that Harbor Patrol!) And Judie, . . . LAY OFF THE SUGAR!

From: Gina L. Franco

I wish only the very best to my friends, grads of 1988; Beatriz, Adriana, Angie, Kevin, Bonnie, All my love goes out to James Sanchez and may God always keep us together, forever, I Love You. Thanks to all of you for all your support.

From: Araceli Sifuentes Sanchez

To Julie,
I hope you get your notebook - I want to thank Rick for his advice through the difficult years I have spent here and Jeff for just being there, and last but not least Ronica, who wants to grow up to be just like me.

From: Aleisha Williams

To my parents, Thanks for all the support. My sisters Jemmellie, Ammie, Jill, for the encouragement you have given me. My brother, we all miss you. All my friends, Smackers, Maria, Marites, specially to Debbie Sarimento, Thanks alot for everything. Baboo, Have fun next year.

Love,
Jeanie Cruz

To Carmen and Maria thanks for everything and hopefully we'll be together through our junior year. Maureen, I wish you the best of luck in college and in your life, thanks for being there when I needed you. Mario good luck through out your high school years.

Love,
Jeannette

To my parents-Thanks for all your support and help and money. To my brothers Bart and Jer-you and your friends better be nice or else the Larsenmobile won't be going anywhere. To Pae- Thanks for everything (Friends Forever) To the Yearbook Staff- It's been fun, BUT . . . (ha, ha) To all the KROQ people at our school "Unite, and take over". Congratulations 89ers! Next year will be totally cool.

Love Always,
Kris Larsen

I want to thank my family for all the support they gave me throughout my high school years. To my friends, I'll miss you and I'll always remember all those wonderful moments we spent together. To the class of '88-Good Luck! We made it!!

Love,
Maureen Quiros

I'm so glad we met, before then I never knew what happiness was. You've brought happiness and love into my life. You're the kind of girl I've always dreamed about sharing my life with. I thought this dream would never come true until I met you. I'll never leave your side and I know you'll never leave mine. I love you with all my heart. Love Always, Joseph

An Annual's Effect

Turning the precious pages, memories fill my mind.
A longing for the past is what I find.
Pictures of sports, dances, and many more
Faces of strangers and of ones I adore.
Nostaligia hits me and I recollect the past.
I remember the good old times in class.
With the good, the bad memories also come.
I feel ashamed inside; I feel so dumb.
The ancient heartaches renew themselves in me.
I remember the outrageous trips to the sea.
The shattered friendships that we thought would last.
I remember so much from the past.
I laugh, recalling times of joy,
Like the times I acted so coy.
But now, I close this precious book.
I will remember again in my next look.

By Kimlien Vu

The Final Song

I used to wait until the party was done
The years went by, I danced with none.
Yet, here at last, I stand with you,
With a final song, I bid adieu.
To a school and loyal friends,
To former teachers, must make amends.
And the nerds and jocks that I see today
In years we'll be obese in gray.
But I wish I had danced in the years gone by,
To be in your arms when I needed to cry.
I wish this last song would last forever
But the final note is played, the dance is
over.
So you face a new life and so do I,
Of college and parties and new loves gone by.
Yet, I wish I can hold time in a spell,
For dearheart to you, I can't say farewell!

By Kim Larsen

Soaps

I hear someone scream
Next someone starts to choke.
I see it and start to laugh
Because it's all a hoax.
A baby starts to cry
Then the phone begins to ring.
The mother starts to yell
And smacks the poor little thing.
Karrie's finally dead
And Bret's become a dad.
Christy had a baby girl,
But whose baby has she had?
All this is so confusing
It all seems like a hoax.
And all of this happens
On the daily "soaps."

For the first time in John Glenn High School's history, the senior class was asked to submit their names, addresses, & phone numbers (if desired,) for the 1987-88 Patriot. This 'Senior Directory' would help the senior class to keep in touch in the future and would also aid in reunion purposes in 5, 10, 20, 25 etc. years. Thank you to those who submitted their information. Remember, keep in touch!

FINAL CREDITS

Throughout the five years I have been at John Glenn, three of those years have been dedicated to the yearbook staff. I started off as a yearbook staff member, moved up to Assistant Editor, and now I hold the position of Editor-in-Chief. It takes a lot of hard work to be a yearbook staff and a lot of dedication and the '87-88 Patriot Staff has fulfilled those requirements.

I would like to say a big thank you to my staff for all the hard work they've done and an extra big thanks, to my two Asst. Editors, Joel and Stephanie. I don't know if I could have made it without those two; thanks. A very big thank you to Wally and Tony of Wally-N-Wayne Photography for their hard work and dedication and all of the pictures they printed for us. What would a yearbook be without pictures. Another thank you to the faculty and staff for their help and opinions when we needed them. Pardon the many disruptions and thanks to the many teachers who gave us so much "slack" at deadline time. A special faculty member deserves a pat on the back and humongous thanks, my boss and "conscience", Mr. Richard Garcia, he was with us all the way. Thanks to Buzz Ponce, my Jostens representative, for helping us when we needed it.

Soaring as an Eagle, let us experience a different kind of life. We varied in every way from trends to academics, but though we were individuals, we were part of a team. Expressing ourselves in everyday life was no easy task; but respect was earned. Feelings as these held us together and made the Days of Our Lives unforgettably unique.

Sincerely,

Renee Seph

THE TRADITION

Cinco de Mayo only comes once a year and that's unfortunate because at Glenn the celebration is one of the most exciting events of the year.

Historically, the event marks Mexico's victory over the French at the Battle of Puebla in 1861. However, at Glenn we have come to think of Cinco de Mayo as an "American" celebration; one which highlights a people's need to be free and celebrates the diversity that our student body represents.

This year's Cinco de Mayo Queen was none other than Rheamie Pozon. When her name was announced, she was surprised and very excited that she had received the title Queen. Of course her hard work and dedication, in combination with the other contestants made it possible to raise almost $3,000 in scholarship monies.

Our annual Cena (traditional dinner) was so successful, there was not enough room to seat everyone.

Cinco de Mayo was, and will always be, a great celebration at John Glenn.

Friends And *Lovers*

"What time is the limo picking us up?" "I'm getting my hair done at 5:00" "The tuxedo has to be picked up at 10:00 and so do the flowers" "Where are we going after?" These questions and comments and many, many more were asked amongst Friends and Lovers, while preparing for the Junior-Senior Prom. This year's prom was held at the Ramada Rennaisance Hotel on May 14, 1988 in Long Beach. The hotel was very elegant and it set the mood for the big event of the year. For the first time in a long time, dinner, grilled breast of chicken with tarragon-mustard sauce, was served to all of the guests. Slow music was played throughout dinner by 24 Karat Sound. The highlight of the evening was the crowning of the court. The prom guests patiently awaited the announcement. As the time finally arrived, Robert Everett and Gina Franco were crowned Junior Prince and Princess; Charlie Angel and Lillian Chavez were the SEnior Prince and Princess; and the choice for King and Queen of the 1988 Junior-Senior Prom was Andy Garcia and Anna Lazalde. These three couples danced to the song, "Friends and Lovers", which was our theme, and they were then joined by everyone else. Dancing, romancing, eating, talking, and taking pictures were all a special part of the 1988 Junior-Senior Prom. This moment of our lives will be in the hearts and minds of all the Friends and Lovers!

A year encompasses many aspects and we, at Glenn, were busy all year long. With the inclusion of the events on these three pages we rounded out a very successful dances which included The Winter in Hawaii, Sadie Hawkins & Club Coca-Cola. Due to the poor turnout at the Hawaiian dance, the A.S.B. Cabinet decided to cancel The Hearts & Flowers Dance. This decision made the last two dances really successful. A talent show was a first in the history of Glenn. Eagles were given a chance to show their special talents. The Blood Drive inspired many donations. The goal, A.S.B. set, 65 pints, was achieved and exceeded. We hope everyone who donated will be more than willing to help next year. John Glenn had its elegant as ever. Some selected students were very appreciative to see two cultural dance groups. One was The Korean Company and the other, The Harlem Theater.

Dance Showcase '88, under the leadership of Mrs. Wilcox, was as lively and well done as ever. The girls' hard work always pays off. Open House saw one of the best turnouts ever, proving that parents at Glenn do care!

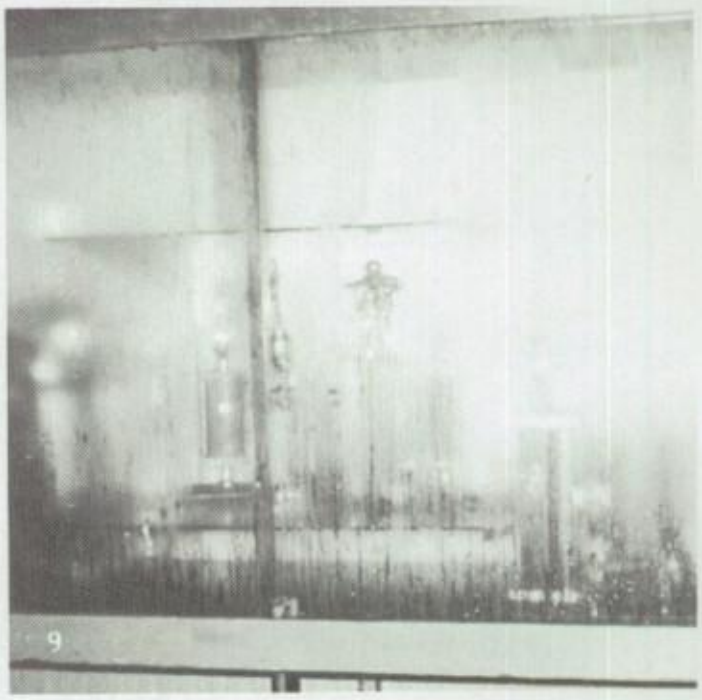
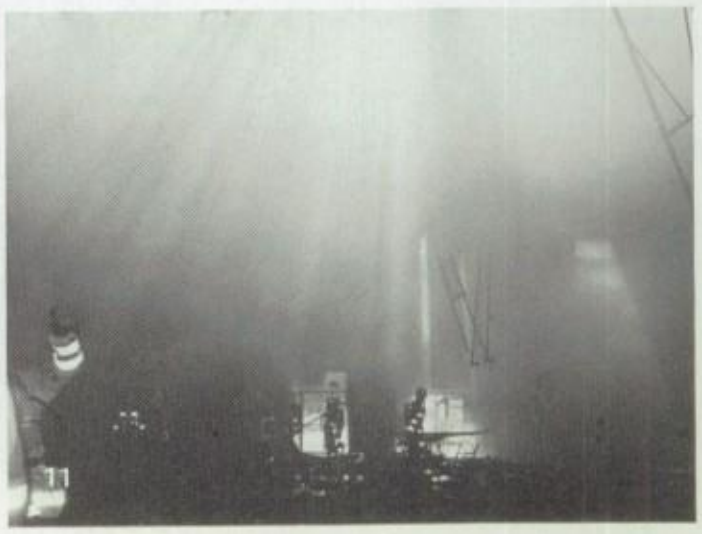
AS THE SANDS OF TIME DRIP TO AN END

The end of the year came to tragic end. On Monday, June 20th, shortly after school let out, a fire started, raged out of control, and destroyed our precious gymnasium! Several companies of fire fighters came, but to no avail. When the flames were finally put out, the damage was severe. Our once proud gym, the home of our basketball, volleyball, and wrestling teams, the place where we danced with our friends, showed our spirit, held our assemblies, the very heart and soul of Glenn High School was a smoldering hulk. By the most conservative estimate, all was lost. Damage was set at over 2 million dollars, with an estimated rebuilding time of at least two years.

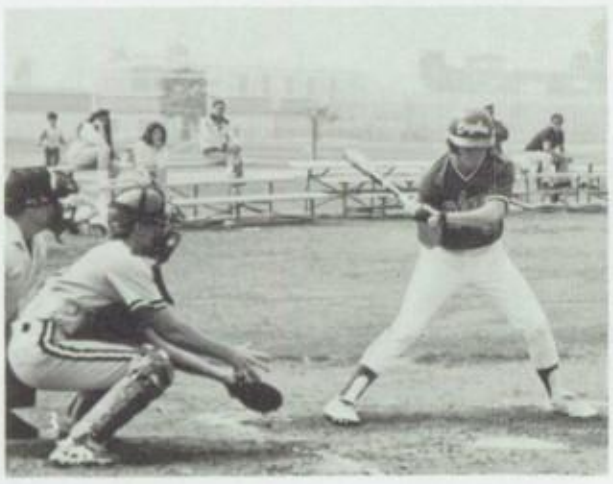
The year couldn't have ended on a more tragic note, but we at Glenn are strong and determined, and just as the legendary Phoenix rises from its own ashes more determined and beautiful than ever, John Glenn High School will survive and we will overcome!

1. Harlem Dance Troupe provides a treat for Glenn audience.
2. Mr. Galvan formalizes our Partnership with Holden Financial Co.
3. Traditional dress is important to Korean culture.
4. Mei-Lin shows complete devotion to her community.
5. The symbol of our pride goes up in flames.
6. Firefighters battle to save the gym.
7. Members of our staff talk to reporters.
8. Where we once joyfully entered!
9. The trophy case, smoke filled, but intact.
10. Mr. Estes discusses the possible cause of the fire with the fire marshall.
11. As if in a horrible dream!



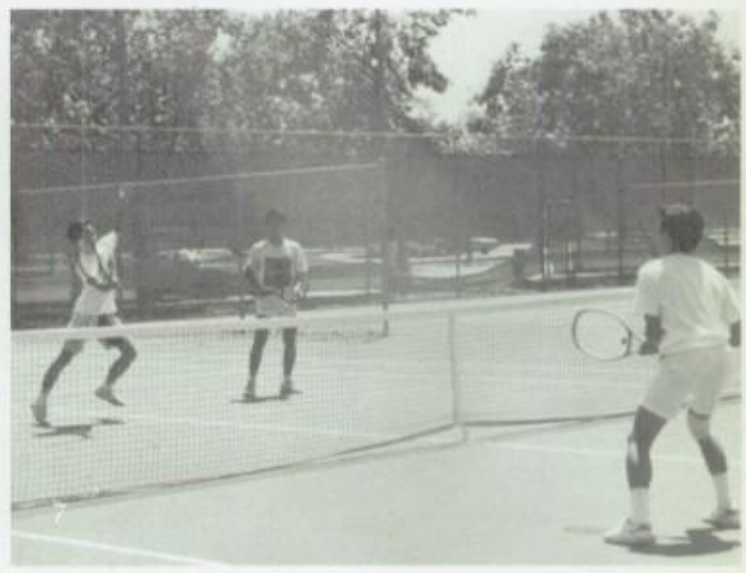


THE END OF A WINNING SEASON



Now that the last pitch has been thrown, the last hurdle jumped, and the last ace served, this year's spring sports proved to be an exciting mixture of sportsmanship, talent, and victory. Track and cross country came to be known as a great success for all of its participants. Many meets resulted in a number of our team members breaking their own records or that of the long standing school records. Baseball also experienced a rather successful season. Although Varsity experienced a rough season this year, they are confident that next year will literally be a turnaround. That effort will be headed by this year's JV team who boasted a record of 13-4. As the Boys' Tennis season began, Coach Espinoza never thought that his boys, faced with many obstacles, could triumph and succeed. But they did just that. With each game the boys' experience and determination surfaced. Their driving fervor resulted in a second place seed in the Suburban League. Three team members, Hao Tran, Thuan Duong, and Bobby Choi, were awarded medals during league finals. Sports was a very exciting and fun-filled area in this year's activities. With the many victories Glenn managed to collect, this truly was our "winning season." As a result of this winning tradition, our gym's rafters are now decorated with several championship banners.

1. The boys of Varsity tennis relax with a few of their friends.
2. Flying like an "Eagle."
3. Another home run on the way.
4. A bird's eye view of Eagle's softball.
5. Tung Duong takes a nap before another grueling match.
6. Coaches Norman, Stein, and Reed: the leaders of the pack.
7. Vinh Nguyen and his partner, Tung Duong, give their opponent a tough time.
8. Varsity tennis: "Those wild and crazy guys."
9. "I thought that bar was there just a minute ago!!"
10. Billy Trevino fires a strike.



CLASS OF '88

The school year for the senior class of 1988 was filled with homework, finals, but most of all the many end-of-the-year activities especially geared toward the seniors. It all began with Grad Nite when six busses full of seniors and their guests arrived at the Magic Kingdom to dance the night away.

The climax to all these activities occurred during the last three days of the school year. Monday morning began with a breakfast specially prepared for the seniors. During the meal, important business was also attended to.

Tuesday was a picnic out on the baseball field. Students came equipped with their BBQ grills, ice chests, blankets, and FOOD. The weather cooperated by turning a fairly gloomy day into a warm and sunny one.

Wednesday was the culmination of all our efforts as high school students. Graduation practice was just an all too vivid reminder of what was to happen. Going through the motions made us, the Class of '88, aware that we were finally leaving our mark in John Glenn's history.

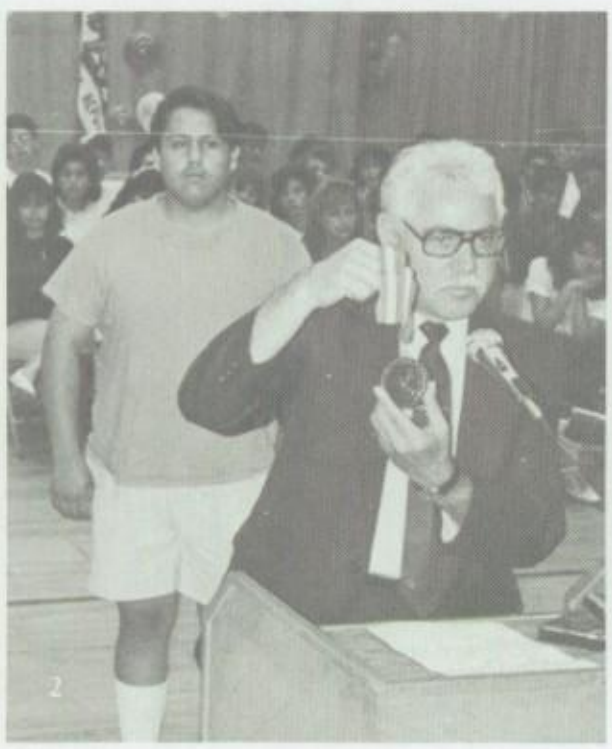
1. Lori Armstrong and Robynn Hewey: the best of friends.
2. Mickey on top of the world.
3. Lupe and Lucy: Winners of the egg toss.
4. Students and their parents enjoying themselves and getting acquainted.
5. Food, Fun and FRIENDS!
6. Lillie Aragon and friends enjoying the night away.
7. It's fun for the whole family.
8. Sandra Gonzalez, Eydie Salas, Lilia Gonzalez show how much fun they had.
9. Who could ask for anything more?
10. Taking time off from all the excitement.
11. Some of our staff join the picnic.
12. Lei-Lani Terrel does some shopping at the gift shop.
13. Stephanie Salas and Joel Marquez enjoying the parent reception.
14. Oral Marine: one of the many juniors that helped during the Senior Tea.
15. Let's go strolling!

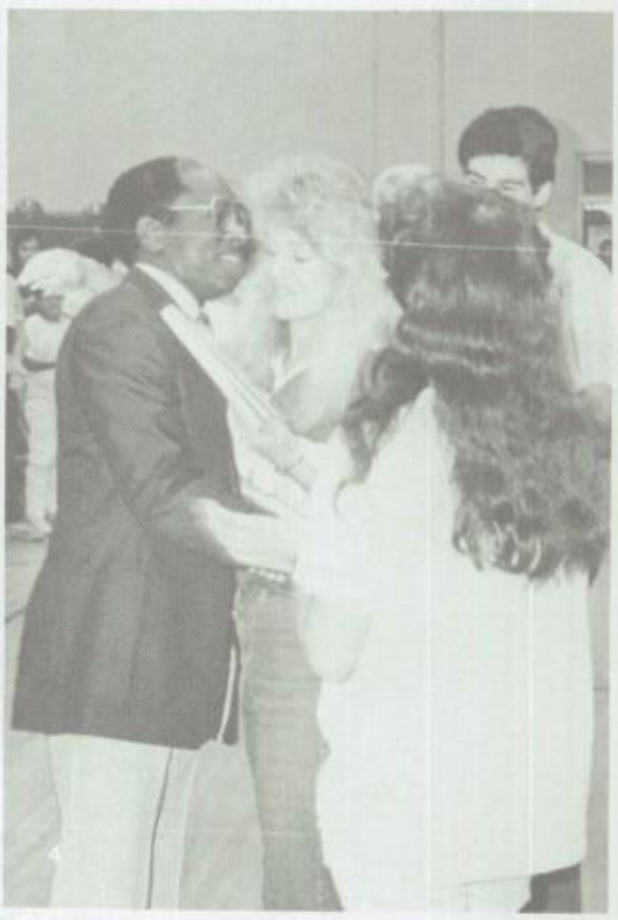
Awards Night was a time to recognize those students who achieved a great deal in all areas of study. Because so many students were academically outstanding, Awards Night was held at different times so that everyone had a chance to be truely recognized for all their hard work. Separate assemblies were held for eighth grade and nineth grade. The traditional Awards Night was divided into a daytime assembly for tenth through twelfth grades and an evening presentation for Seniors only.

To some seniors, Awards Night held on the fourteenth of June was a time to receive scholarships, which would be a big help to them financially when they went off to a higher education. However, the seniors not only received scholarships that night, but it was also a time to bring forth this year's valedictorians: Saurabh Bharadwaj, Jee H. Kim, and Georgina Moreno. The class salutatorian Maureen Quiros, was also presented. The fact that we had three valedictorians this year attests to the excellence in the class of '88. Congratulations to the valedictorians and the salutatorian for all their years of hard work; it finally paid off.

Congratulations also to all who received recognition at the various awards ceremonies. Hard work and dedication are always recognized.

A TIME OF RECOGNITION





1. They move so gracefully.
2. Mr. Glavan shows the medal with pride.
3. When can we sit down?
4. Come on Mr. Mitchell give me a hug.
5. Seniors, please stand.
6. Mr. Galvan welcomes eighth graders at the eighth grade assembly.
7. Mr. Mitchell shows his appreciation upon receiving the dedication.
8. I'm so happy!
9. Maria Layao receives a big hug from Mr. Galvan.
10. Mr. Mitchell felt so flattered he made a long speech.
11. I'm coming!
12. Mr. Galvan presents Manuel Garcia with "Service to the School".
13. A big crowd gathers at the daytime assembly.
14. Eighth grade award winners.

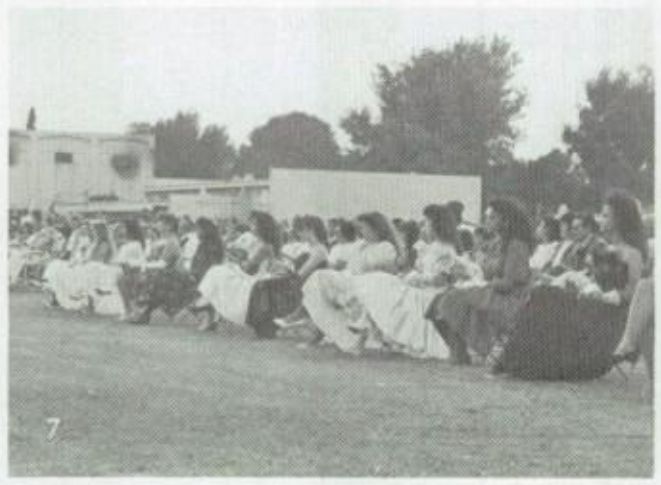
To Be Or Not To Be . . .

Powder Puff was a controversial subject this year. After very aggressive actions such as toilet papering, shaving cream and eggs on both sides, the question was asked "Will Powder Puff be a reality?" The school administration put it bluntly to everyone. "If we get one more phone call, indicating there has been any more 'Hooliganism' on either side, Powder Puff will be cancelled. The Juniors and Seniors then pulled together and cut out all the foolishness. The game was a reality. The Seniors had a real challenge but finally won 22 to 0. One of the highlights of the evening was the crowning of King Puff, which was Tracey Maziek, and Prince John Game. On the whole everyone had a good time - making the bruises worth it!!

WITH A LITTLE HELP FROM OUR FRIENDS



The end, the triumph, the accomplishment, the most exciting time in every Senior's life, was certainly memorable at John Glenn High School. For the first time, the seat of Valedictorian was shared by three worthy students, Saurabh Bharadwaj, Jee H. Kim, and Georgina Moreno.

The pledge of Allegiance was led by the Senior class secretary Maria E. Quezada. The class of 1988's Salutatorian, Maureen Quiros, presented the invocation and Rebecca D. Martin, Senior class President, gave the welcome. This year's theme was "With a Little Help From Our Friends", and was brought out in the commencement address given by Renee C. Seph.

It was an exciting moment as the Seniors walked down the aisle wearing their red, their white, or their blue gowns to receive their diplomas. The most emotional moment came when the benediction was given by Maria J. Layao. Now, after four long years of good and bad times at John Glenn, the Mighty Class of 1988 was ready to take on the world, all with a little help from their friends.

Youre a special friend to me and I hope that we will always be friends even way after graduation. Well now that you have a man in your life, how does it feel?! Me?!, I got no one, not yet anyways! I got your number and you got mine so we'll good use!! okay. Because I better see you soo much I wont miss you cuz I'm we have contact with each-other. I will miss you the most! We must go out together sometime like we used to! Remember?! I Do!! I know you'll do good and make something of yourself. I have faith in you! Keep on Partying and stay the person you are. Remember I will always be here for you if you should ever need Anything or to just talk. Im not just saying that Take me up on my offer, I am your friend and I hope to always be your friend! & Ill call you! I Love You Babe! Your "Friend" forever!

We did it Reg!

Regina-
Time has come
To say goodbye
It was fun while it lasted
But it was fun nonetheless.
Remember
Chances are
We'll meet again
Someday
Somewhere
Somehow
Love ya,
Debbie

P.S.
Look behind you!
